HALIBURTON - ONTARIO

THURSDAY, NOVEMBER 22ND, 1973

Established in 1882 as the
Minden Echo & Haliburton Recorder

Martin Lumber Labour Settles

A new two-year agreement was signed in October between the International Woodworkers of America and Martin Lumber Limited. Both sides were brought together in Peterborough by a conciliation officer of the Department of Labour and a successful settlement was worked out. Approximately two hundred and fifty employees are affected, and the new rates are retroactive to September 5.

The main items of the new

contract are as follows: an increase of .70c per hour over contract life, increase to eight statutory paid holidays, bereavement pay, forty-five day probation period from sixty day, 100 per cent of OHIP paid by Company, increase in holiday pay benefits.

This contract now brings the minimum labour rate to \$3.32 per hour, and a maximum for skilled workers to \$4.77 per hour. A nine hour per day, forty-five hour per week is maintained.

Amateur Coaches Clinic Held In Haliburton

On Sunday, November 11, 1973, the Haliburton Figure Skating Club was host for an Amateur Coaches Clinic held at the Haliburton Arena. There were thirty-five skaters participating from Fenelon Falls, Bancroft, Minden and Haliburton. An amateur coach assists the club by helping the new skaters and younger members — this gives the professional more time to spend with the senior skaters who require intensive instruction.

To qualify for the Clinic, a skater must be at least twelve years of age and be a better than average skater. She must have completed the twelve National Test Badges and preferably the Preliminary Figure Test. She must be willing to co-operate and assist the club during the coming year.

This clinic was under the

direction of Mr. M. Evans of Peterborough. The day began with registration which was immediately followed by two hours of lectures by Mr. Evans. The on-ice instruction was conducted by Miss Allyson Ednie, the new Professional Instructor for Haliburton. After a break for a hot lunch, the girls again assembled for more lectures and a written test.

Nine girls from Haliburton — Tracy Bennett, Kathy Donaldson, Alison English, Kerry Hodgson, Joan Lee, Marina Pearsell, Catherine Rouble, Cindy Scheffee and Jennifer Sisson — successfully completed the tests and were awarded certificates and badges for junior coaches.

Congratulations to the five girls — Sue Bennett, Marnie Blair, Sharon Peters, Angela Sisson and Melinda Wood — who attained their senior coaches certificates.

Travelways Huskies Lose Two Of Three Weekend Games

Haliburton Travelways Huskies journeyed to Bancroft last Friday night for an exhibition hockey game with the Bancroft Jets. Bancroft jumped into a 3-0 lead in the first period, however, the Huskies scored five times in the second period and twice in the final twenty minutes to come away with an 8-6 victory. Tim Curry scored three goals, Ernie Bain two and Rick Wood, Floyd Henry and Jeff Campbell each counted one marker for the Huskies.

The Bancroft Jets returned the visit by playing in Haliburton last Saturday night and defeating the local Huskies by a 3-2 score. Bev Hicks played his first game for the Travelways Huskies and he scored one goal, while Jeff Campbell notched the other goal in this losing cause.

On Sunday afternoon the Haliburton Travelways Huskies went to Little Britain for their third exhibition game in as many days. The Huskies carried a 2-1 lead going into the third period, however, the Little Britain team scored three goals in the period to take a 4-3 victory. Roger Bain, Tim Curry and Jeff Campbell

scored the Haliburton goals. The referees handed out 24 penalties in the game, with 15 going to Haliburton.

This Saturday night the Bobcaygeon Ti-Cats will be in town for the first schedule game of the year, and Haliburton hopes to have Louis O'Hara back in goal and Jamie Carroll on the defence — both of whom have been out with injuries — playing in this contest. Game time is 8:00 p.m. at the Haliburton Arena so plan now to attend.

Motion Picture Attracts Full House

The motion picture "Brother of the Wind" really packed them into the Molou Theatre in Haliburton on Saturday last. It was a full house for the matinee while the first show on Saturday night saw people turned away, and it was packed again for the second evening show. They say that movies are better than ever, and when you get a good show like this one with sellout crowds we believe them.

Young Canada Book Week

November 15-22 were the dates of Young Canada Book Week 1973, an annual national week sponsored by the Canadian Library Association and the Canadian Book Publishers' Council and supported by many other organizations. It is celebrated to call attention to the special relationship that exists between children and their books.

In Canada today we face the very real possibility that in less than a decade there will be no Canadian children's books. Each year for the past several years fewer titles have been published. If this alarming trend is not reversed, our children will have no direct written contact with their language and their culture. If you accept the fact that a child's reading is one of the greatest contributing factors to the development of language and culture, something must be done! This year everyone is asked to BUY CANADIAN and to READ CANADIAN!

Please help to preserve our national children's literature.

Grand Lodge Mistress Pays Visit

The Orange Hall, Haliburton, was the scene of activity early this month when the members of Northern Star Lodge No. 828 were honoured to have as their guest The Right Worshipful Grand Lodge Mistress, Sister Mrs. Evelyn Richards, of Ontario East. She was accompanied by her friend, Mrs. Frost, Grand Lecturer of Ontario East.

Worthy Mistress Sister Greta Curry presided in the chair, and the guests were welcomed in the traditional manner when presented by Mistress of Ceremonies Sister May Ward. Visitors were present from Burnt River, Minden and West Guilford.

The Grand Mistress visit was enjoyed by all, and we hope she will find time to visit here again soon.

Following the meeting they all retired to the basement where a lovely buffet luncheon was served.

One Man Killed In Weekend Accident

Ontario Provincial Police of the Cobocok Detachment report that Arnold Kolstad, 50, of Scarborough was killed in a traffic accident last Saturday on Highway 35 just south of Rosedale when his car collided with a pick-up truck driven by Fredrick James LaPointe, 19, of R.R. 1, Kirkfield. Passengers in the LaPointe vehicle were Helen, 54, David, 18, and Brian LaPointe, 11. They were all treated and released from the Ross Memorial Hospital in Lindsay, except for Helen who was discharged on Sunday.

The accident occurred when the Kolstad car, which was travelling south, swerved across the road and the two vehicles sideswiped, said the O.P.P.

Mr. Kolstad was pronounced dead at the scene.

An Open Letter To The Residents And Cottagers Of The Haliburton Highlands

Haliburton Highlands
Property Owners' Council

October 31, 1973.

On September 20, 1973, under the headline "Water Levels On No Effect On Cottagers", the Haliburton Echo published a short review of Dr. Reiner Jaakson's monumental report called "Water Level Fluctuation and Cottaging on the Trent Canal Reservoir Lakes" (Ontario Government, August 1973, \$1.00).

This report, of 29 pages, is a summary of a more comprehensive report running to some 432 pages. The subject is covered in tremendous detail and actually contains a great many conclusions and recommendations. It is true that one such conclusion could be that Dr. Jaakson found no serious economic factors resulting from the annual change in water levels, but he most certainly concluded that the cottagers do not like it!

Our Cottagers' Council, The Haliburton Highlands Property Owners' Council, consists of 35 cottager associations in the area affected by the annual summer draw-down and has since 1960 been actively attempting to have the whole procedure changed so that the lakes of Haliburton, Victoria and Peterborough Counties will no longer suffer these recurring fluctuations. After many years spent studying the patterns and reasons for the drop in water levels, the Council submitted in 1969 a brief to a joint committee set up by the Federal and Provincial Governments to study the future potential of the Rideau-Trent-Severn Canals (C.O.R.T.S. Committee). As a result of this brief, the committee widened its study to include the storage lakes to the north of the Canal.

The C.O.R.T.S. Committee recommended that a study be started immediately to determine the exact effect the draw-down had on cottagers. Reiner Jaakson, then a Ph.D. student at Waterloo University, who had previously done a somewhat similar study in Saskatchewan, was hired in 1970 to examine in depth the economic, physiologic and psychologic effect on the shoreline population. While his report was due late in 1972, it did not appear in print until September of 1973. Nevertheless, its contents were reported to our Council at our annual meeting in November 1972.

In 1971, the C.O.R.T.S. Committee submitted its report and we were particularly interested in Recommendation No. 45 which called for funds to be made available for a hydrologic study of the area. We are happy to be able to say now that a contract was awarded to H. G. Acres Consulting Engineering of Niagara Falls to carry out a complete hydrologic study of the storage basin. In particular, they will endeavour to find alternate storage sites in which to hold water for the use of the Trent Canal, and to suggest a modification to the present draw-down

practice (called equal percentage draw-down) which could result in less severe lowering of the levels in certain lakes during the summer months.

Meanwhile, the Ministry of the Environment is studying the effect of the draw-down on lake trout spawning. Tests are being carried out on Redstone and Halls Lakes. An agreement with the Trent Canal Authority causes all lakes to be pulled down suddenly immediately following Labour Day, so that they will be at minimum by October 15 each year. No further draw-down is permitted after this date so that trout eggs may not be exposed to freezing conditions. Our Council discovered that certain lakes (Boshkung, Twelve Mile, Mountain and Horseshoe) were exempt from this requirement as control of them during the winter is given over to Orillia Water, Light & Power to store water for its generating station near Minden. The fact that these lakes showed no evidence of being short of lake trout led us to request the study and again we are happy to be able to report that the Ministry has found no evidence that the draw-down diminishes the lake trout population. We hope that by next year it will release the Trent Canal Authority from this restriction, thus making higher water levels possible at Thanksgiving weekend.

So, for those who feel that a snow-job is being done on the cottagers by trying to make them feel that fluctuating water levels do not bother them, let us assure them that such is not the case — far from it. We will continue our long fight to make our water levels as secure as those in Muskoka and the Kawartha. Even though we have had considerable co-operation from the Controller of the Trent Canal, he can only do so much with the water and facilities available to him. Rainfall and evaporation are his friends one year and his enemies the next. Progress will be slow, but it will come eventually.

Meanwhile, all those willing to assist us will be welcome. We suggest a reading of Reiner Jaakson's summary report will supply all the details which would take too much space to cover here.

B. W. Robinson,
Water Resources Committee,
23 Karen Road,
Don Mills, Ontario M3A 3L5.

Car-Motorcycle In Collision

The Minden Detachment of the Ontario Provincial Police report a car-motorcycle accident last Thursday on Highway 519 which left the driver of the bike with cuts and bruises. Police said a car driven by Roger Dellefeuille, 21, of Mississauga collided with the motorcycle driven by William Little, 18, of R.R. 1, Minden.

Damage in the accident was estimated at \$500.

Bill Smiley

WINTER MAKES US MADMEN

by Bill Smiley

Canadians take a perverse pleasure, I'll swear, in the perversity of their country's climate.

Give them a sunny, open winter, as we had last year, and they scowl, "Yeah, 'sbeen a good winter, but we'll probably have a cold, wet summer."

Give them a beautiful, hot, dry summer, as we had this year, and they grumble. "We need rain. Country's all dried up. It'll likely rain all fall."

Give them a fine, warm, sunny fall, as we had this year, and they hint darkly. "Yup. 'Snice, but we'll pay for it. Any day now y' c'n get out the shovel."

And when it finally does begin to snow and blow, as it has around here without cease for the past thirty hours, there's a sort of weird pride in the remarks. "Well, we hadda expect 'er. Haven't even got muh snow tires on. But I got the snowmobile all tuned up. Turrible about the increase in oil."

There's no increase in oil, unfortunately, only in oil prices. This winter, we may go back, as a nation, to long johns with collapsible seats.

There's a sort of obscene triumph in the way your average Canadian stomps in out of the first blizzard of the year. Snorting, hacking, puffing, running at the nose, he roars cheerfully, "Izzen that a corker? Looks like we're in for it. Weatherman says there's more coming. Indians say it's gonna be the worst winter in years."

And an endless series of anecdotes: couldn't get 'er started this morning; never thought I'd make the hill. And, chuckling with pride, "Haven't even got the damned storm windas on."

This warped and diabolic gaiety in the face of what is bound to be one of the most crushing experiences possible, five months of stark, shivering winter, makes me shudder for the sanity of my compatriots.

Pakistanis and West Indians who shiver and turn purple every day for six months, must think we are a nation of madmen, when they first arrive in Canada.

We are among the most vulnerable people in the world, when it comes to the vagaries of nature. And I am one of the most vulnerable people in Canada, when it comes to winter. I hate it, and it hates me.

There are some people who love winter. Rotten little kids, for example. They greet the first snow with

sheer delight, roll around in it, and the more it snows, the happier they are. I can scarce forbear from belting them when they chortle, "Wow! . Wasn't that a dandy snow, Mr. Smiley?"

And then there are the winter sports idiots. When the skiers and the snow-mobilers look out the window and croon, "Just look at that lovely white stuff", I could kick them in the groin without compunction.

On the other hand, there are the elderly. Winter is almost literally murder, for them. No gardening, no flowers, no gentle walks in the sunshine. Instead, it means holing up, with the ever-present spectre of pneumonia, or a slip on icy streets and a broken hip, or just the long, savage

nights and the short bleak days. Not much fun there.

And then there are the ordinary, sensible people like me. We know that winter is a vicious brute with about as much of the quality of mercy in it as there was in Attila the Hun.

Take curling. It is my only winter outlet, aside from shovelling snow, and scraping ice off the windshield with my fingernails, and cursing winter.

Last night, after taking a year off the curling with a broken toe, I returned to the roarin' game. Early November. Looked forward to a pleasant game. Good weather, good skip.

Had to curl at nine p.m. instead of seven. Drove to the rink in a blizzard. Nearly cracked up on the ice in the parking lot. Lost the game. Got home at midnight, every bone in my body screaming, "Rape!"

Take my leaves. There are four inches of oak leaves in the back yard, covered by eight inches of frozen snow. My lawn chairs are still out, looking like forlorn relics of an ice age.

And my storm windows aren't on. This is the most unkindest cut of all. And don't think my wife isn't cutting me up about it. Most unkindly.

A politically astute political party, which wishes to perpetuate itself in perpetuity, as it were, would introduce a bill in parliament, packing all the old people and the sensible people, off to South Africa or somewhere, every winter.

The savings in fuel alone, in these energy-crisis days, would pay for the jaunt.

Leave the whole barren waste to the kids, and the winter sports fiends. And let THEM pay the taxes, for a change.

Business Management Seminar

In co-operation with the
Haliburton Highlands Chamber of Commerce

IF YOU — Own and operate
your own business
— Manage a business
— Expect to own and
operate a business

You are invited to attend a Small Business Seminar
at the Wagon Wheel Motel
on Highway 35 south of Minden
on November 28th, 1973, 9:00 a.m. - 4:30 p.m.
(Registration 8:30 a.m.)

PROGRAM: Small business financial statements
and the impact an expansion of the business may
have on them will be discussed.

The seminar programme will include brief
presentations and an illustrative case study of
interest to owners, operators and managers of
small businesses and persons who expect to own
and operate a small business.

REGISTRATION: Complete the attached notice
and forward it before November 19th, 1973, advis-
ing number attending and enclosing your regi-
stration fee of \$10 per person, luncheon included.
Make cheque payable to Industrial Development
Bank.

ENERGY

WE CAN'T TAKE IT FOR GRANTED ANYMORE

Recent events in the Middle East have underlined just how essential a dependable supply of energy is to the way we live. Present indications are that supplies of imported crude oil in Eastern Canada are barely sufficient to meet demand. If we can't maintain imports, real shortages of gasoline and heating oil could occur here in Ontario. But uncertain import supply isn't our only concern. Canada's own oil and gas supplies are being depleted, and cannot be renewed.

To make sure we have enough energy for the future, and to give us time to develop alternative energy sources, we must make the best use of the sources we have now.

Nobody has the right to waste fuel, or any other form of energy. The time has come to take a good, hard look at the way we use energy, and to use it wisely.

Good energy habits learned now, especially by our children, will bring us comfortably through the winter, and pay off in years to come. Let's get to work.

47 things you can do to conserve energy

1-7 Your heating system.

Clean forced-air filters once a month
☐ Bleed air from hot water radiators, fix leaks
☐ Empty the flue clean-out
☐ Have the system checked by an expert
☐ Insulate ducts and pipes in areas that don't need heat
☐ Glossy white radiators heat best
☐ A gravity air system with a single return works best with interior doors **open**.

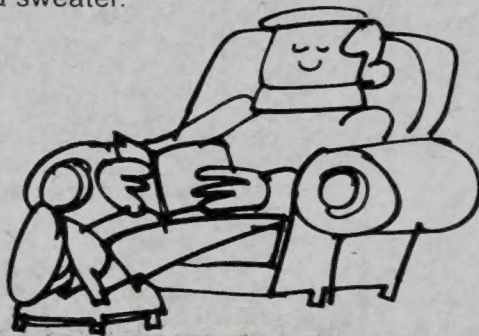

8-13 Keep the heat in!

Insulation pays, especially in attics.
☐ Fit storm windows, weather-strip outside doors
☐ Keep fireplace damper closed
☐ Use range hood ventilators only when necessary
☐ If you sleep with the window open, close the door
☐ Close drapes at night.

14-17 Use your thermostat.

Each degree you lower the thermostat cuts fuel consumption about 3%
☐ It's possible to save by turning the

thermostat down at night
☐ If you use a humidifier, you'll stay comfortable with less heat
☐ If there's a Shivery Sam in the family, suggest he wears a sweater.

18-22 Hot water.

Insulate exposed hot water pipes
☐ If your water heater has a dial, try setting it lower
☐ A dripping tap wastes up to 175 gallons of hot water a month
☐ Don't use dishwashers till they're full
☐ Generally, a shower uses less hot water than a bath.

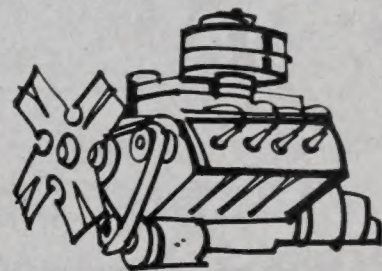

23-32 Around the house.

Are the door seals on your oven, refrigerator and freezer good?
☐ Don't use the oven if a toaster or fry-pan will do the job
☐ If you buy an electric heater, make sure it has a thermostat
☐ Use lower wattage bulbs if you can
☐ Use Christmas lights from 6 pm till bedtime
☐ Use pots that cover stove elements
☐ Thaw frozen food before cooking
☐ Defrost freezers regularly
☐ A pressure cooker saves energy as well as time.

33-39 On the road.

A well-maintained car is an economical car
☐ Check tires and alignment

☐ Prolonged idling wastes gas
☐ Can you use the bus? Or ride with someone else?
☐ Does your size of car really fit your needs?
☐ Over 50 mph, economy decreases
☐ Jack-rabbit starts waste gas

40-44 Around the farm.

A well-tuned tractor burns 10% less fuel
☐ Underground or pressurized storage tanks reduce vapourization loss
☐ Reduce tractor wheel slip and you save fuel
☐ Prolonged idling of engines wastes gas
☐ Can you turn yard lights off earlier?

45-47 At work.

Can the thermostat be turned down?
☐ Can you turn off any lights?
☐ Has your company got an Energy Conservation Suggestion Scheme?

We're taking our own advice.

All Ministries and Agencies of the Ontario Government are doing their bit to conserve energy. Lighting and heating levels are being reduced in government buildings; a new emphasis is being given to economical operation of vehicles; Ontario Hydro and the Ministry of Education are encouraging consumers and schoolchildren to learn good habits in the use of energy. And that's just a beginning!

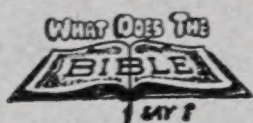

Save this check list...and save energy!

Industry, business, homeowners, agriculture and government must all work together to conserve energy. If we each save a little...we'll all save a lot.

Government of Ontario

CHURCH NEWS

"THE TRUTH SHALL MAKE YOU FREE" — John 8:31,32

Introduction -

In view of what Jesus says in this passage of scriptures, each and every one who wants to go to heaven after their stay on this earth is over should be very interested in knowing the "truth".

I. - WHAT IS TRUTH?

(1) Not Human Opinions. If you will read Acts 26:9-11 you will see that the Apostle Paul thought at one time in his life that he ought to do many things against the church. It was his opinion that these people were wrong.

(2) Not The Doctrines Of Men — Matthew 15:8,9. Jesus declares in this passage that the commandments and doctrines of men cause a person's heart to be far from Him, and their worship to Him becomes empty.

(3) John 17:17 gives us the answer as to what the truth is: "Sanctify them through thy truth: thy word is truth." Here we have it that it is THE WORD OF GOD that is truth, and remember what Jesus said, "The truth shall make you free." Free from what?

II. - FREE FROM SIN.

(1) Christ was given the name "Jesus" which is Greek for Saviour, for as the Angel of the Lord told Joseph, who was to be His earthly father, "He shall save his people from their sins" — Matthew 1:21.

(2) Now I think that we can see that it is Jesus' word (the truth) that frees men from their sins. In other words, it tells us how we may obtain forgiveness.

a) Such passages as Acts 2:38 tells the believer how he may be forgiven of his sins, "... repent and be baptized EVERY ONE OF YOU in the name of Jesus Christ for the remission of sins..."; Acts 22:16, Ananias came to Paul who at this time was a penitent believer and said to him, "... arise and be baptized, and wash away thy sins calling on the name of the Lord."; Romans 6:17, "But God be thanked that ye were the servants of sin, but ye have OBEYED from the heart that form of doctrine which delivered you."

James Hughett - Minister.
P.O. Box 458, Haliburton, Ont.

* * *

PROPER MORALS NEEDED

Can anyone enjoy true peace with his neighbours or real security if there is no holding to true standards of morality? Obviously not. Without this there will be lying, stealing, adultery and similar practices. Genuine love of neighbour should promote morality. As Romans 13:8-10 expresses it, "He that loves his fellowman has fulfilled the law. For the law code 'You must not commit adultery, You must not murder, You must not steal, You must not covet', and whatever other commandment there is is summed up in this word, namely 'You must love your neighbour as yourself.' Love does not work evil to one's neighbour, therefore love is the law's fulfillment." More important than this, however, do you believe that anyone can be at peace with Jehovah God having the assurance of His favour and protection if he does not practice true morality? Could you respect and honour God if he did not require such morality from those whom he approves? Surely for Jehovah to require righteousness he would have to make clear to his creatures what his moral standards are. To say that each person should make up his own standards and go by them would be no more reasonable than to say that each person should make up his own traffic laws and go by them. You know what the result would be. The Bible logically shows that there is only one way bringing God's approval and that any other road leads only to destruction (Matthew 7:13,14). Well, do Christendom's churches truthfully represent the Bible, upholding its standards of morality and so setting a lead for the rest of the world? What do the lives of those who belong to these churches show? The Bible shows that the fruitage of God's spirit is "love, joy, peace, long-suffering, kindness, goodness, faith, mildness, self-control" (Galatians 5:22,23). Is this the fruitage that the world's religions or even the local religions produce? Or do you find instead a surprising amount of "rotten" fruit, "the works of the flesh ... fornication, uncleanness, loose conduct, idolatry, practice of spiritism, enmities, strife, jealousy, fits of anger, contentions, divisions, sects, envies, drunken bouts, revelries?" (Galatians 5:19-21). Likening men to trees, the Bible says that every "tree" producing such fruit is due to be destroyed (Matthew 7:17-19; 12:33). And who has produced such fruitage in this area and throughout the world? The religions that profess to be Christian. So follow the counsel at Rev. 18:4: "Get out of her, my people, if you do not want to share with her in her sins."

Ray Zwidayk,
Haliburton.

Aluminum Produced In Gooderham By S. ARMSTRONG GOFF

A few years ago a demonstration was carried out in the village of Gooderham that has probably never been done elsewhere. In an old blacksmith shop belonging to Jim Stoughton, which has since been torn down, local rock was processed and the result was the production of aluminum.

This event came to the attention of a professor in the Department of Metallurgy of the University of Toronto, who stated that it could not be done because it wasn't in the textbook. Like a lot of people who have been educated beyond their intelligence, he couldn't conceive of anyone without degrees and certificates developing something unknown to the experts. When asked if he would like to see the smelting of aluminum demonstrated, he replied that it couldn't be done and if he even attended such an experiment his colleagues would laugh at him.

Fred Brower, who is well known here and in Tory Hill, then offered to get him a deer if he would come up and then watch the demonstration. This would save his face and he could tell his friends in the university that he was going to Haliburton County to hunt deer; he came.

After getting his deer, preparations were made for the smelting. Since he was still incredulous and suspicious of some trickery about to be played on him, Fred insisted that he knock out the samples of the rock himself, bag it himself, and take personal charge of the rock samples. The pieces of rock were then taken to the old blacksmith shop referred to above and a fire was built in the forge. The rock samples were then placed in an iron crucible and heated over the fire until the rock became molten. Throughout the proceedings the professor was instructed what to do and no one handled any part of the operations except the professor. When the rock was molten a flux was then added. As the men watched, and Jim Stoughton kept the fire going with the bellows, the professor became impatient and, taking up an iron poker, he poked it into the liquid rock. Upon withdrawing the poker, a white metal was seen to adhere to the iron. When the ore had cooled it was tapped out on the work bench and the bottom part of the sample consisted of a beautiful bead of aluminum. The professor would not believe the evidence of his own observation. However, after testing the white metal he was convinced that it was aluminum.

The amazement was caused because there was no record of such an experiment ever having been successful although it had been tried several times. Aluminum does not occur in nature as a metal such as gold and silver and copper, etc. It occurs only as a compound which has to be processed to obtain the metal. The most common basic material used is bauxite and the processing to obtain the metal from it is complicated and expensive. The bauxite itself comes from tropical and semi-tropical areas. Most of this substance processed in Canada at Arvida in

Quebec and Kittimat in British Columbia comes from Arkansas and South America.

One would think that with the modern equipment and huge amounts of money spent on research that this demonstration should have been followed up. The books say it can't be done,

but it has been done and in this little village of Gooderham.

John McNeil Weds Carol McPhail At Scarborough Gospel Temple

A very quiet but pretty wedding took place on Saturday, September 22, 1973, at 4:00 o'clock in Scarborough Gospel Temple when Carol Joy Marie, only daughter of Mr. and Mrs. Weldon McPhail of Willowdale, became the bride of John Merreit McNeil, eldest son of Mr. and Mrs. Merreit McNeil of Minden, Ontario. Reverend Hope Smith officiated at the double ring ceremony.

The guests' pews were decorated with sprays of pink roses, lily of the valley, with floraliers of pink roses and fern at the altar.

The soloist was David Kirby from Scarborough, who sang the "Wedding Prayer" during the ceremony and the selection "Dedication" while the register was being signed. Accompanying him was Mrs. Lois Rourke, also of Scarborough.

The bride, who was given in marriage by her father, was beautifully gowned in a full-length nylon sheer over taffeta dress, trimmed with daisy medallions. Her veil was held in place by a matching daisy tiara. She carried a cascade bouquet of red sweetheart roses and baby's breath, tied with a white (satin) ribbon.

The bride's attendants were Mrs. Maureen Warburton of Haliburton, friend of the bride, as matron-of-honour, and Mrs. Marie Emmerson of Haliburton, friend of the bride, and Miss Tammy McNeil of Mount Albert, cousin of the groom, as bridesmaids.

They were gowned alike in antron organza, in shades of rose and powder blue with matching rosebuds amongst their curls. The girls carried bouquets of roses and lily of the valley.

Attending the groom was Mr. Randy Warburton of Haliburton, friend of the groom, as best man. The ushers were Mr. Dale Emmerson, friend of the groom, and Mr. Kirk Harrison, cousin of the bride, both of Haliburton. The groom and attendants all wore navy jackets, navy/white checked trousers and white shirts with a white carnation in their lapels.

Following the ceremony, a reception was held in the Educational Wing of the Church, served to the immediate family. The bride's mother was gowned in a deep pink polyester knit with a corsage of blue gardenias and the bridegroom's mother wore a gown of mint green crepe with a corsage of yellow gardenias — both looked very charming.

Midst showers of good wishes, the happy couple left on a honeymoon trip to Niagara Falls and surrounding areas, the bride wearing a blue and white crimpelene pant suit with white accessories. Her corsage was yellow gardenias.

Guests were present at the wedding from Kingston, London, Lindsay, Arthur, Haliburton, Minden, Mount Albert, Oshawa, Willowdale, Toronto and Scarborough.

The young couple are residing in Lochlin, Ontario.

Ray Johnson And Candice Bailey Nuptials At Haliburton

A very pretty wedding took place on Saturday, July 7, 1973, when Candice Ellen Bailey, only daughter of Mr. and Mrs. Merrill G. Bailey of Haliburton, was united in marriage to Ray Johnson, son of Mr. and Mrs. Elvin W. Johnson of Minden. The ceremony was performed at St. George's Anglican Church in Haliburton, the officiating clergyman being Reverend R. Kasurak, Rector of St. George's, assisted by Reverend W. Oake of Bowmanville. The organist was Mr. Bill Gliddon of Haliburton.

The altar was tastefully decorated with vases of white mums and calla lilies. Also placed in the chancel were candles, ferns and white mums, the main body of the church being decorated with pink carnations and white mums.

After the mother was seated "Morning Has Broken" was sung by Ron Parrott, followed by the "Trumpet Voluntary March" by Don Wright upon the bride entering the church. The soloist, Ron Parrott, then sang the "Lord's Prayer", the bride being given in marriage by her father Merrill G. Bailey.

The bride wore a full-length gown with full skirt and bodice of French lace with matching cuffs, heart pearl buttons, a sweetheart neckline and a silk illusion veil with chapel train held in place by a flowered head-dress. She carried a white Bible with a corsage of red roses, white stephanotis and baby's breath with streamers of same.

The matron-of-honour was Christine Bailey and the bridesmaids were Darlene Johnson, Cheryl Emmerson and Susan Ackerblade, all wearing gowns of frosted nylon over pastel polyester taffeta with empire waist and A-line skirt. They carried nosegays of mums and carnations

with baby's breath.

The best man was David Johnson of Peterborough, brother of the groom, and the ushers were Jay Dougal of Montreal, Rick Bailey of Haliburton and Ralph Johnson of Minden. All wore brocaded white jackets with black satin trim and black pants; the groom wearing a red car-

nation and the best man and ushers wearing white carnations.

The reception was held at Deer Lodge with one hundred and fifteen guests being present. The bride's table was centred with a three-tier wedding cake and candles, the bride's flowers being placed in front of the cake and the bridesmaids' flowers on either side. The guests' tables had a vase of red and white minuet carnations with fern.

The bride's mother received, wearing a full-length gown of pink nylon chiffon over taffeta with cape sleeves and white accessories, and wearing a corsage of pink carnations and white roses. The bridegroom's mother assisted, wearing a full-length French blue crepe gown with full sleeves of sheer and a neckline of pearl beading, and wearing a corsage of pink carnations and white mums.

For a honeymoon to the West Coast the bride wore a yellow double knit pant suit with white accessories and a yellow and white mum corsage.

The newlyweds reside at Boshkung Lake.

Out of town guests were present from Harcourt, Lindsay, Bowmanville, Toronto and Montreal.

HOURS: Mon., Tues., Wed., Thurs., Sat. - 9:00 a.m. to 6:00 p.m.
Friday - 9:00 a.m. to 9:00 p.m.
Sunday - 12:00 noon to 4:00 p.m.

Minutes Of Snowdon Township Council Meeting

The Regular Meeting of the Snowdon Township Council was held on November 7, 1973, with the Reeve and three members of Council being present.

Moved by G. Newell, seconded by G. Kellett, that the minutes of the October 3rd meeting be adopted as read.

Moved by G. Kellett, seconded by G. Simmons, that the Township reimburse Carl Francis \$50.00 for the use of his property due to the inability to use the Township bridge.

Moved by G. Kellett, seconded by G. Newell, that the Snowdon Township Council feel that the usage of the Irondale Dump by Glamorgan Township residents on a yearly basis would be approximately 40 per cent of the total usage.

Moved by G. Newell, seconded by G. Kellett, that the Township will comply with the recommendations listed by the Ministry of the Environment, Waste Management Branch, concerning the Lochlin Dump.

Moved by G. Kellett, seconded by G. Newell, that we apply to the Ministry of Transportation and Communications for a supplementary subsidy for \$4,218.00 for bridge maintenance.

Moved by G. Simmons, seconded by G. Kellett, that the taxes and interest for 1971 charged against Property No. 14011002600 in the amount of \$63.53 be written off.

Moved by G. Simmons, seconded by G. Kellett, that the General Accounts in the amount of \$1,104.24 and Welfare in the amount of \$76.08 be approved for payment.

Moved by G. Kellett, seconded by G. Simmons, that Road Voucher No. 10 in the amount of \$5,809.85 be approved for payment.

Moved by G. Kellett, seconded by G. Newell, that the Clerk advertise for tenders for the

supply of four 1000x20x12-ply snow tires and tubes for the Township truck.

Moved by G. Newell, seconded by G. Kellett, that the Clerk apply for the interim subsidy payment under the Public Transportation and Highway Improvement Act for 1973.

Moved by G. Newell, seconded by G. Simmons, that T. Dancey be given permission to open the old road between Concessions 2 and 3 to the Bacon Road, provided no expense is incurred by the Township.

Moved by G. Newell, seconded by G. Simmons, due to the absence of one member of the Council, we are not prepared to put forth a resolution concerning realignment of the townships at this time. Carried on a split vote - voting "Aye" were G. Newell, G. Simmons and R. Vick - total 3; voting "Nay" was G. Kellett - total 1.

Moved by G. Simmons, seconded by G. Newell, that this meeting be adjourned until the next regular meeting on December 5, 1973, at 7:30 p.m., unless called sooner by the Reeve.

Minutes Of Meeting Held By Anson, Hindon & Minden Township Council

The Nineteenth Meeting Special of the Council of the Townships of Anson, Hindon & Minden was held in the Council Chambers of the Municipal Building in Minden on Sunday, November 4, 1973, commencing at 10:00 a.m. Present were Reeve Reg Booth, in the chair; Deputy Reeve Douglas Pritchard; Councillors A. Coneybeare and R. Gorrie; and Richard Parisotto, the Clerk-Treasurer.

Moved by A. Coneybeare, seconded by D. Pritchard, that the minutes of the meeting of October 24, 1973, be approved. Carried.

Moved by R. Gorrie, seconded by A. Coneybeare, that the

executors of the estate of the late Frank Welch be advised that the Townships of Anson, Hindon & Minden accepts the bequest as outlined in the will, under the conditions imposed thereunder. Carried.

Moved by D. Pritchard, seconded by A. Coneybeare, that By-Law No. 73-57, having been read a first time, be considered as read a second and third time and passed; being a by-law to appoint Mrs. Shirley Brandon to fill the vacancy on Council. Carried.

Moved by D. Pritchard, seconded by A. Coneybeare, that we do now adjourn at 1:15 p.m. Carried.

Uncle Dudley's Column

EARLY SUMMER RESIDENTS

A few days ago when Violet and I were over to the local M & R Restaurant a man came across the floor to meet us, with the salutation "You don't know me, Mr. Rogers", and my reply came quickly, "Why, of course I do, John Weekes". When we went over to their table his wife's introduction was "How are you today, Uncle Dudley?". So we really get around!

John remarked to me that he had been coming up here for some 53 years — this ties in with the first comers from 1920-22. My first contact with John's father, William Weekes of Courtleigh Boulevard in Toronto, was about that time. Mr. Ben Sawyer and I were in Toronto on some township business and we were entertained at their lovely home.

About this time Mr. Weekes purchased the John Harrison farm just south of the little church on the east shore of Twelve Mile Lake, and the family have been using the premises ever since (although some of the frontage has been sold off).

The first three cottages on the lake were one just below "Tall Pines" built about 1912-13 by my father for rental to A. P. Hart, the former owner of Carnarvon Store; Mr. McElwain had one erected about the same time; and Alex Ross of Lindsay built on the point on the east side of the lake. About 1922 Mr. Sawyer built three or four cottages on the beach on the west side of Boskung — Mr. Platt, President of Hamilton Dairy; C. V. Langs, a Hamilton barrister; and Inspector Perney occupied these cottages. Shortly after the Housers — a teacher from Hamilton — erected a cottage on the point of land purchased from Mr. Sisson. From then on building was quite limited until the improvement of the road now designated as Highway 35 from 1931-33. After this the frontage filled in rapidly, and now the shoreline is covered with summer dwellings with a good many permanent homes also being erected.

The improvement of this highway will make this road from Miner's Bay to Dorset one of the most popular drives in the dominion, and highway frontage will soon be scarce — a good many changes over the past half century.

Peace be with you!

Bus Trip Enjoyed

On Tuesday, October 23, a group of senior citizens from Haliburton enjoyed a bus trip to Toronto via Travelways, including a drive along the shore of Lake Ontario so the travellers could see the Canada Geese and wild ducks there.

The driver, a very obliging man, took the trouble to explain the various points of interest along the way. He also pointed out a building that is being erected which is going to be the highest building in the world.

The group visited the Christie Bread Company building where they were shown the different stages of bread making. They were treated to cookies and a cup of tea along the way, and upon leaving were each given a shopping bag with some of the products of the Christie Bread Company.

It was then on to the Sherway Gardens Shopping Centre, and at 5:00 p.m. they all went to Old Ed's Warehouse Restaurant for a delicious supper.

The weather was sunny and warm, and everyone reported having a very enjoyable day.

Gooderham News

Mary Hadley, who is quite active in the community, will be with us this winter instead of flying to her winter retreat in Antigua. We understand she completed two handmade quilts before leaving to visit her sister who is ill. Glad to have you, Mary.

The Barrs haven't left yet for Florida. Maybe if the weather man is a little less rugged we will be able to keep them here. Recent guests of Mrs. Barr were Grand mistress Evelyn Richards of the Orange Association Ontario East, accompanied by Mrs. Evelyn Frost. They made the annual visitation to the L.O.B.A.'s of this area which includes Minden, West Guilford, Haliburton, Gooderham and Burnt River.

Mrs. Grace Billings has just returned from a visit to Arnprior. She is now busily engaged in completing a hand-painted quilt.

The members of the Friendship Circle recently met at the home of Mrs. Dallyn Pickens.

At the November meeting of the United Church Women, Vaneitta Pickens gave an interesting talk on "The Road To Jordan". The U.C.W. are engaging in a programme where different members research the various aspects of the life of Christ beginning from His birth. One of the previous subjects was the "Road to Egypt", being the flight of Mary and Joseph with the infant child Jesus. Members feel they find much inspiration and benefit from researching these topics.

We have had several reports of

motor vehicle accidents due to the slippery roads. It would seem that each year we have to make a definite adjustment from summer to winter driving - let us make it without delay.

Tory Hill News

We are sorry to see that Mrs. Maude Finlay is on the sick list. She is now in the Red Cross Hospital in Haliburton, and everyone in the village wishes her a speedy recovery. Mrs. Ria Hart of Exeter has been up this week with her mother.

Mr. and Mrs. Leslie Haas were in Lindsay on Monday doing some shopping.

Mr. and Mrs. Walter Madill and Mr. and Mrs. Larry Madill and children of Brechin called on Mr. and Mrs. Allan Gill on Sunday.

Mr. and Mrs. Ray Riel and Cindy and Angela of Lindsay visited with their parents, Mr. and Mrs. Walter Riel, on Sunday.

Mr. Ian Finlay of Peterborough stayed with Mr. and Mrs. Don Finlay Sr. for a few days hunt.

We are sorry to hear that Mr. Laverne Lewis' mother is in the Haliburton Red Cross Hospital.

Mr. Ross Anderson attended a Civil Service Convention held in Toronto last week.

This will have to be recorded as the worst deer season in the past twenty to thirty years. Some restrictions will have to be brought in or the deer hunting in the district will be a thing of the past.

IN MEMORIAM

FLEMING — In memory of our dear mother and grandmother, Annie Fleming, who passed away on November 23, 1936. Beautiful memories are wonderful things, They last till the longest day, They never wear out, they never get lost And can never be given away; To some you may be forgotten, To others a part of the past, But to us who loved you and lost you Your memory will always last. —Ever remembered by Helen, Bernard and family.

HOWE — In loving memory of our dear mother, Annie Howe, who passed away on November 23, 1972. Gone are the days we used to share, But in our hearts she is always there, The gates of memory will never close, We miss her more than anyone knows, With tender love and deep regret We who loved her will never forget. —Lovingly remembered and sadly missed by all the family.

STAMP — In loving memory of our dear father and grandfather, Cecil, who passed away on November 19, 1970. I will always remember the way he looked, The way he spoke and smiled, The little things he said and did Are with me all the while; For down the lane of memories The light is never dim, Until the stars forget to shine, I will remember him. —Lovingly remembered by daughter Marjorie, son-in-law George and grandchildren.

STAMP — In loving memory of a dear father and grandfather, Cecil, who passed away on November 19, 1970. God saw that you were getting tired, When cure was not to be, So He closed His arms around you And whispered, "Come with me." You didn't deserve what you went through And so He gave you rest, God's Garden must be beautiful For He only takes the best. —Sadly missed and always remembered by Brant, Eileen and family.

MINDEN, ONTARIO

— TELEPHONE 286-1011

Elwin Robertson
Haliburton Ont. July

Committee will add local control to LIP

Victoria-Haliburton riding has a committee whose responsibility will be to screen all applications for grants under the federal government's Local Initiatives Program (LIP). This screening process is one of the major changes made in the administration of the program, and is the government's response to complaints that there has not been any local involvement in the selection of LIP projects.

Under the new system the committee, which has the official title of Constituency Advisory Group (CAG), will assess each application submitted from the riding, and rate it according to a schedule established by the LIP program office in Ottawa.

The CAG membership will be made up of ten people

drawn from various walks of life in the riding. Three members will be from the community at large, and may consist of housewives, businessmen and others who have a good knowledge of the community and its people. Two members will be from the different levels of local government.

Two members will be drawn from voluntary and social agencies in the riding, and two more will be people who have operated previous, successful LIP projects in the riding. The tenth member will be selected by the LIP program office in the Department of Manpower and Immigration.

The Constituency Advisory Group will be asked to screen the applications and assign each of them a priority. They will be

Continued On Page 2

Haliburton Newsletter

We received word last week of the passing of a former Haliburton resident Reg. Austin better known as "Pud". In years gone by when the Haliburton Huskies were bringing home all the silverware "Pud" played on the famous kid line.

The Rotary Club of Haliburton will be holding their annual Ladies' Night at the Legion Hall in Haliburton this coming Saturday night.

Mr. Allan Oakley, teacher at the Haliburton Highlands Secondary School was the guest speaker at the Rotary Club meeting held at the United Church in Haliburton last Thursday night. He gave a running commentary and showed films of his recent trip to Africa. He was introduced by Dennis Baker and thanked on behalf of the club by Larry Perrott.

The traffic lights at the corner of Highland and Maple Streets were on the blink last week and motorists had a very hard time figuring out who was to cross the intersection and when.

Members of the Rotary Club of Haliburton will be out in full force this coming Saturday to cut Christmas trees and they will put them on sale this week.

The Christmas Shopping party held at Stedmans on the evening of November 20th was a great success. This was the biggest one of all as they are held annually.

Preliminary reports on the progress of the 1973 deer season have been summarized by the Algonquin Region of the Ministry of Natural Resources as follows:

MINDEN DISTRICT

Steve Toole, Fish and Wildlife Supervisor reports hunter success below average with very few deer having been taken.

BANCROFT DISTRICT

Orval Goodman, District Manager reports an 8% success rate for deer hunters with 1,297 hunters bagging 102 deer. One hunter was reported lost. No charges have had to be laid and no hunting accidents have occurred to date.

County Council

Photo by Dal Hubbert

Pictured above are members of the County Council of the Provisional County of Haliburton. They were all present at the Warden's Banquet held at the Royal Canadian Legion Hall in Haliburton on Friday night. Front row left to right: Malcolm MacGillvray, Robert Fothering-

ham, Warden, Reg Booth, Roy Brohm, Art Locke. Second row left to right: Bob Vick, Lloyd Walker, Murray Fearrey, Gareth Kellett, Sinc Nesbitt, Bob Beeney, Doug Pritchard, Gary Agnew, Keith Tallman. Third row left to right: Jim Harrison, Jack Cox, Wynne Lahay, Jerry Howarth.

'An honour' Fotheringham

"Wonderful friendships were made and it was an honour for me to sit with these great men on County Council," stated Robert Fotheringham, Warden of Haliburton County when he addressed a large gathering at the 99th Warden's Banquet held at the Royal Canadian Legion Hall in Haliburton last Friday evening.

Mr. Fotheringham who is also Reeve of the Township of Glamorgan, listed several interesting points when he told of what the wardenship had meant to him personally.

He went on to say that he had enjoyed sitting with his fellow members on County Council and expressed thanks to Mrs. Lahay clerk-treasurer for the Provisional County of Haliburton.

Roy Brohm, Reeve of the Township of Dysart et al, was chairman for the evening and recalled when the Warden's Banquet was so small that they held it in a restaurant. He was pointing out how it had grown since that time and was really pleased to welcome the capacity crowd on hand at this year's banquet.

Mr. Brohm reminded everyone of the Haliburton

County centennial scheduled for 1974 and hoped that everyone would support the big event and make it a success.

Gary Agnew, Reeve of the Township of Monmouth had the honour of introducing the head table guests which included Mrs. Heather Heinz, Mr. and Mrs. Robert Allison, Mr. and Mrs. James Reynolds, Mr. and Mrs. Malcolm MacGillvray, Mr. and Mrs. Mervyn Moore, Mr. and Mrs. Glen Hodgson, Mr. and Mrs. Bill Scott, Mr. and Mrs. Robert Fotheringham.

Sinc Nesbitt, Reeve of the Township, of Stanhope, had the pleasure of introducing the many guests present on this occasion.

Malcolm MacGillvray, immediate past warden told of the first time that he met Bob Fotheringham at County Council seven years ago and praised him for the excellent job he had done in the past year as warden.

Glen Hodgson, M.P.P. stated that he was pleased to be associated with Bob Fotheringham and members of the County Council whose one aim was toward the progress of the county.

Mr. Hodgson said that budgets in the county are higher and more costly. He

concluded his talk by telling the large audience that County Council binds men together for the common purpose for progress throughout the county.

Bill Scott M.P. said that it was always a pleasure for him to come to the Warden's Banquet and in his praise of the warden stated that Bob Fotheringham was the type of a man who was always cool and collective when stormy issues came up.

He pointed out that we live in the choicest piece of real estate in Canada and when people come to the area for the first time that they want to stay. In conclusion Mr. Scott stated

that we must be neighbours with a common understanding.

Other speakers for the evening were Mervyn Moore, Warden of Victoria County, James Reynolds, Warden of Peterborough County and Robert Allison from the Ministry of Transportation and Communications.

Murray Fearrey, Deputy Reeve of the Township of Dysart et al graciously thanked the ladies of the Royal Canadian Legion, Branch 129 for the delicious meal.

The remainder of the evening was spent in dancing.

Second Printing

"In Quest of Yesterday" back on shelves now

Roy Brohm, Reeve of the Township of Dysart et al, gave the the people at the Warden's Banquet at Haliburton some welcome news on Friday night when he told them that the popular book "In Quest of Yesterday" would be available this

week. The book, which was written by Nila Reynolds, is a look at the history of Haliburton County and is in its second printing. The first edition was sold out shortly after the book was first published.

THIS WEEK from Ottawa

ECONOMY TO GROW

Finance Minister John Turner forecast in a speech in Montreal a healthy growth in the Canadian economy in 1974, with stimulus coming from rapidly expanding capital investment in new plants to increase productive capacity and employment opportunities.

Mr. Turner said "the economy is now operating at or very close to its full capacity, with the main limiting factor on future growth being a shortage of available productive capacity, material and manpower, rather than any shortage of demand for the goods and services produced by Canadians."

EXPORTS UP

Canada's exports in October, seasonally adjusted, reached their highest level this year, totalling \$2.14 billion - up considerably from September's total of \$1.98 billion.

RECORD WHEAT CROP

Statistics Canada reported that this year's wheat crop will hit 628.7 million

bushels, surpassing the ten-year average of 614.2 million bushels and up substantially over the 1972 wheat crop average of 533.3 million bushels.

Of the major crops, the volume of oats, rye and flaxseed is each expected to be above last year's level, but production of barley and rapeseed is expected to be down.

WORLD FOOD SUPPLIES

Agriculture Minister Eugene Whelan represented Canada at the Food and Agricultural Organization Conference in Italy. In his speech to FAO, he stressed the urgency of maintaining adequate world food reserves - "the present world circumstances require and call for all out production to replenish food reserves on a world basis."

World food reserves have dwindled drastically mainly because of difficulties of the developing countries to accelerate their increase in production and because of widespread occurrence of drought and poor crops especially in the developing regions of the world.

Committee from page one

classified (1) essential (funds permitting), (2) desirable, (3) acceptable, or (4) not acceptable. The emphasis this year will be on projects "involving new and imaginative projects, creating new jobs and providing the means of solving the serious problem of recurring winter unemployment," according to the Minister of Manpower.

It will not be easy for the CAG for Victorian-Haliburton to select the most deserving applicants from all of those submitted. To begin with, our LIP allowance has been cut drastically for the 1973-74 period. This year we will only be allowed \$104,000, compared with last year's total of \$252,000. The number of grants approved last year was 15, and many worthwhile projects failed to get approval.

In the second place, with only half as much money to work with, we received more than 60 applications for grants in this year's program. It was probably of some help, though, that the government set a limit on individual projects of \$15,000, while last year it was possible to get up to \$200,000 for a single project. While the CAG is asked to rate projects, the final

decision as to which projects will be approved or disapproved is made by the Minister's staff in Ottawa.

The government announced last week that the LIP program allowance for the entire country this year would be \$85 millions, and while this represents an improvement over the projected \$73 millions, it will not be in line with the real need this winter as far as employment is concerned.

Again this year, and this disturbs me, the Province of Quebec will get the lion's share of the total LIP money. Quebec will get about 30 per cent, while Ontario will get about 11 per cent. Undoubtedly, this one of the reasons why our riding's share has been more than cut in half.

It remains to be seen whether or not the new system of having an advisory group in the riding to screen applications will result in an improvement in the administration of the LIP program. There is no doubt in my mind, though, that some kind of improvement should result from this. It is always a good idea to get local people involved when you are trying to make a federal program work to the best interests of everyone concerned.

Sir Sanford enrolment up 25%

Enrolment in continuing education courses at Sir Sanford Fleming College has grown by 25 per cent in 1973 for a total of 4,711 at all campuses, according to the College's continuing education director Fred Anderson.

A further increase of 600 people is expected in the courses offered in January, bringing the total to a possible 5,311 for the academic year.

"A large part of this growth is attributed to a 40 per cent increase in Lindsay evening registrations, which went from 579 last year to 1,012," Mr. Anderson said.

A significant factor in this statistic are 270 registrations from courses offered for the first time in centres near Lindsay, including Bobcaygeon, Coboconk, Fenelon Falls, Kirkfield, Little Britain and Oakwood.

Credit courses at the Cobourg Campus have attracted the bulk of students there in past years, and this pattern was repeated. Total Cobourg enrolment to date is 390, compared to 356 in October 1972.

This total does not include a number of residents who are attending a popular lecture and seminar series that is offered free of charge and concerns re-structuring of regional and municipal governments.

This program was arranged by Cobourg Mayor Jack Heenan, and has drawn

praise from many private individuals and Ontario government officials.

Peterborough campuses have the largest enrolment, and increased to 2,009 from last year's 1,761.

Technical course registrations are up due to the Ryerson degree program, which was introduced at Sir Sanford last fall. Technologists can enrol at Sir Sanford and complete many of the 12 credit subjects required for the Bachelor of Technology degree awarded by Ryerson Polytechnical Institute.

A strong response to fine arts courses was shown in an 80 per cent increase in that area. There are credit subjects and include basic painting, ceramics, instrumental music, printmaking and sculpture.

In addition to the regular subject offerings, the College held specialized workshops including a course in special care for the elderly, and an aviation ground school. One and three week intensive real estate courses

were again held, which allow individuals to qualify for provincial examinations re-

quired to practice as realtors or to improve their professional qualifications.

High school students to produce new play

The grade twelve production of SEPARATE TABLES by T. Rattigan, is to be presented December 7 and 8 at 7:30 p.m. in the high-school's auditorium. Produced by special arrangements with Samuel French INC.

SEPARATE TABLES consists of two plays, "Table by the Window" and "Table Number Seven." The plays involve a group of lonely people in the Beauregard Private Hotel, in Bourne-mouth.

Mrs. Railton Bell is a dominating character, especially to her thirty year old daughter.

Mr. Fowler, a retired school-teacher waiting for his pupils to see him, is somewhat dominated by Mrs. Railton Bell.

Mr. Malcolm is in love with Miss Cooper (manager of the hotel) and his divorced wife Mrs. Shankland (presently divorced again). John (Mr. Malcolm) and Anne (Mrs. Shankland) find out that they can't live together and can't be without each other.

Mrs. Railton Bell discovers Major Pollocks true identity which causes some disturbance within the hotel.

Don't miss, SEPARATE TABLES, entertainment for the whole family.

Tickets can now be purchased from grade twelve students and the Haliburton IGA.

Tickets will also be sold at the door at the night of the performances. Refreshments will be sold at intermission.

Smile

If you attended Rotary Club meetings in either Haliburton or Minden, you would quite possibly hear them singing one of the old favourites "Smile and the world smiles with you."

How appropriate this ballad is when you think of Haliburton County. Here we have a lot to smile about and a great deal to be thankful for. Bill Scott M.P. for Victoria-Haliburton stated in his remarks to the Warden's Banquet last Friday night in Haliburton that we who live here in Haliburton County are sitting on one of the choicest pieces of real estate to be found anywhere in Canada. But we wonder how much we really appreciate it.

We all have to admit that things aren't perfect here and at times progress seems to be very slow, but we are gradually getting there. We have come a long way in the past ten years but we must not sit back telling of what we have accomplished in the past. It's what we do tomorrow that's going to count.

It's time that we put away our personal grievances and started to pull together to make this an even greater county.

Nice but...

A visitor to Haliburton remarked recently that we have a nice little town but that it's very hard to find an eating place open after eight o'clock in the evening.

In most cases this is quite true, and it does seem a shame that when people come in for meetings or sports events, that there's no place open for a lunch before they make their long journey home.

At present we have four eating establishments in the village and we can't understand why they can't get together and work out a plan so that at least one restaurant is open to at least eleven o'clock in the evening. By doing this it shouldn't put a burden on anyone of the four.

In speaking to some of these restaurant owners this week, they made it quite plain to us that to stay open after seven in the evening was a losing proposition. One owner took the time to sit down and with pencil and paper proved to us that most evenings he didn't take in enough money to pay for the lights.

The people in the eating business are like everyone else they are there to make a profit not to lose money.

To sum up, if we want to get something to eat in the evenings we are going to have to put up or shut up. In other words start to patronize these restaurants more and more all the time especially in the evenings, and not just for a cup of coffee.

Bill Smiley

THINK YOU'RE SICK?
HERE'S A FEW CURES

by Bill Smiley

First, we'll do a book review this week. A fascinating volume has come into my hands. It is called "Drink Your Troubles Away."

The title alone would sell a lot of copies. I can just hear the boozers say, "Hey. That's for me. It's time somebody wrote a sensible book."

And then there's the name of the author. It is John Lust. What an intriguing combination. Drink and Lust. All for 95c.

It's not quite as exciting inside as it is on the cover, because it's a natural foods tract. Unless you can get excited over the thought of a brimming glass of carrot juice, or start to drool at the image of a cabbage pie, it may not be your meat, if the author will pardon the expression.

"I was a bit cynical at first, but I read on with growing interest, and by the time I had gone through a few chapters, I was engrossed."

I'm a meat and tatoes man, myself. You know what that will get me? I quote: "Wrong diet brings with it constipated bowels, hemorrhoids, anemia, defective secretions, acidity, ulcers, bloating, arthritis, headache, nervousness, liver and kidney ailments, heart

disease, feeble-mindedness and a thousand other ailments..."

Well, I think that's a pretty sweeping statement. I have never been constipated in my life. Lots of the people I know who follow the same diet as I am constipated.

I do have hemorrhoids and arthritis occasionally, and I am definitely becoming feeble-minded, but I've had none of those other things, though I try not to think of my liver. Defective secretions indeed. What kind are you supposed to have? Effective secretions?

Don't think I'm knocking this book. I think John Lust is on the right track, even though it has many turnings.

I haven't seen any signs of feeble-mindedness among natural food fiends. Let us say, charitably, that there is a certain feebleness of will.

My son comes home with his little bag of unpolished rice. He cooks some for breakfast, taken at 12 noon. He gives us a lecture on what harm we are going our bodies, putting poisons in them.

During the afternoon, he smokes eight of my cigarettes, though, theoretically, he doesn't smoke. That evening, at dinner, he de-

cides, just to keep peace in the family, to break his habit for once, and eat meat. He eats about a pound and a quarter of the roast beef we can afford only because my wife rushed out and put a second mortgage on the car.

How would you like to have to kill a fatted calf? That story would never have made the Bible at today's meat prices.

My daughter, who is also a natural foods freak, has even less will power. After a few weeks on rice and beans and macaroni, she comes home with her husband, a sensible young chap who would eat stewed rats if he were hungry enough.

She goes straight to the refrigerator, whips open the frozen meat department, and starts muttering, "Meat! Glorious meat!", the saliva running down her chin.

But this is a good book, no doubt. The title refers to the fact that we can drink all our health problems away with vegetable juice. What a way to go!

It is based on vitamins. Take iron, for example. If you are short of iron in your blood, you can have one of 40 different symptoms of debility. Space forbids the listing of them, but a few are: "face alternately flushed and pale; murky, yellowish gray face; crying involuntarily; fearful of losing reason; tense genital organs; swollen ankles; bed wetting; film before eyes; desire to carry arms over head; partial deafness..."

How would you like to crawl into bed with somebody who had no iron at all? Bit of a nightmare, what? Apparently the best

cure for this is wild blackberries.

So, remember. If you are suffering from an iron deficiency, and at the same time want a fulfilled sex life, keep a bushel of wild blackberries handy by the bed. Lay in a good store. They're a little scarce in February.

If you're short on calcium, it's just as bad. Here are a few of the 48 symptoms: "laborious thinking; looking into distance; incoherent speech; afternoon headache; dizziness in open air; staggering upon arising; early sleepiness..."

Does that sound more like Uncle George, who has developed a fondness for the grape, than someone suffering a lack of calcium? It does to me. Anyway, the best cure is turnip leaves. Moral: carry around some turnip leaves and lay off the hooch.

I wish I had space to tell you what ghastly things can happen to you if you are short of the other vitamins. I'll give one example of each, with its cure.

Potassium: feeling of sand in eyes — dandelion leaves.

Magnesium: cholera — oranges.

Silicon: fingertips burn — Calimyrna figs.

Chlorine — purple extremities — asparagus.

That's just a sample. If I meet someone with cholera, burning fingertips, sand in his eyes, and purple extremities, I imagine I'll give him a wide berth. But don't say I didn't warn you.

You're going to look pretty funny, though, going around with a pocketful of dandelion leaves and another of asparagus.

Donald Fredericks

QUEEN'S PARK REPORT

Shortly after Robert Welch (MPP, Lincoln and present secretary for social development) had been sworn in as housing minister, he confessed to a necklace of microphones that he really wasn't much good around a house. He left minor repairs to Beth, his 16-year-old daughter.

Actually a lot of people in this province would just like to have a house to tinker with.

But Welch was joking to cover the fact that he really didn't have that much new to say on the housing crisis.

Seldom can a mint-fresh minister utter anything other than bland generalities in his first day. For any who did, I'm sure that days later, after countless huddles with major aides, they were unhappy about those strong brave promises.

This probably is his toughest assignment. He's forming a new ministry. Premier Davis doesn't think the province has ever had a housing minister. And he's tackling a problem which has been studied and analyzed and seminared for years until it's obvious it can only be solved by lots of money and lots of guts.

Readers Write

The editorial pages of *The County Echo* are always open to informed comment from any member of the community. Got something to say? Say it so others will hear, with a letter to **Readers Write**. Unsigned letters will not be considered for publication, a pseudonym however, may be used in certain case. Long letters may be condensed.

To the Editor:

Recently we had a report back that our drinking water is unsafe for drinking, and being coliform bacteria, 2-0, and should be boiled.

The question of having available sufficient water testing bottles at all times is of the utmost importance.

We live 25 miles, (50 miles round trip) from Haliburton, and the only place that I know of that water testing bottles can be got since the new regional set up by the Davis Government. Winter driving is quite often difficult, and one would like to be sure that one can secure sufficient water bottles for testing, for a period of at least two months.

I would like to point out here that our banking, doctor, drugs, hairdresser, are all in Minden, therefore forcing us to travel to Haliburton just to get water testing bottles.

However, on Monday Nov. 19th, a neighbour and myself did go to Haliburton for water testing bottles only to be told we could have one each because the Peterboro office had not returned them which was indeed most annoying and frustrating to say the least.

When we questioned this, the young woman in the office was not very co-operative, and I would remind you that this testing of water is the **RIGHT OF ALL OF THE TAXPAYERS**, and not a favour by the health office.

If we are to keep informed on the state of our well water, "should we boil it or should we not", requires that the water be tested at not longer than two week periods. (Correct me if this is wrong.)

Therefore it seems to us that.....

(a) It is imperative that the health unit office in Haliburton have on hand at all times enough water bottles (testing) to allow at least 4 bottles per person per time.

(b) That another outlet for these bottles be established closer than the 25 mile radius, especially in Minden.

(c) Consideration be given to mailing of bottles on request.

Yours Truly,
Mr. & Mrs. C. D. Ferguson.

Anyone who manages to save the Conservative bacon from the housing fires is bound to be a popular person.

What happens in the next couple of years will not only help determine how hot the Tories do in the 1975 election, it may also decide whether a hundred years from now, Welch's portrait stares haughtily down from some wall.

An increase in construction job deaths throughout Ontario has prompted a stern warning to the industry to shape up or face severe penalties.

Keith Cleverdon, director of the construction safety branch of the Ontario Labor Ministry, said in an interview that contractors and others responsible will certainly be charged "if the province's safety act regulations are contravened."

He was commenting on union reports on a rise in construction accidents.

Cleverdon, whose branch has just recently taken over responsibility for construction safety inspections from a hodgepodge of local authorities, said fatalities had increased this year "and unfortunately it appears they are the result of law breaking."

"We are pressing for severe punishment for people who cause accidents by failing to follow safety procedures," he said. "In most case investigations has shown a foreman has been aware of conditions and has taken a chance."

Ontario Hydro announced an increase of up to 10 per cent in the province, with an average increase of 7½ per cent.

It follows an earlier announcement by Consumers Gas of an additional \$14 on customers bills, slapped on to allow for Trans-Canada Pipeline increases.

Gas and Oil prices are expected to rise by five or six cents a gallon by Feb. 1. A six-cent increase will mean an extra \$40 a year for a motorist traveling 10,000 miles and getting 15 miles to the gallon.

For the average homeowner using oil, it will add \$50-\$70 to the annual heating bill.

Treasurer John White vowed last week to impose some type of freeze on land development in selected areas of the Niagara Escarpment within the next few weeks.

White, appearing at the inaugural meeting of the newly-appointed Niagara Escarpment Commission, was asked by commission member John Bradshaw if there were any controls to prevent unwanted development on the escarpment during the three years it will take to produce a master plan for the area.

The 16-member commission, under chairman George McCague, former mayor of Alliston, has three years to develop a master plan for the escarpment, a unique geological formation that stretches 465 miles from Queenston, near Niagara Falls, north to Tobermory on the tip of the Bruce Peninsula.

Outside the meeting, White said he was ready to submit a draft to the commission within two weeks outlining controls that should be imposed. The commission would be permitted to comment on the draft and the cabinet would make the final decision. The controls would take the form of a ministerial order.

After the new Miss Canada was introduced to the MPPs, Environment Minister James Auld rose to read a statement. J.F. Foulds sang out: "First the beauty -- now the beast."

Donald MacDonald asked what the Ontario Cabinet was doing to follow the example of the British Columbia Cabinet in exercising to stimulate provincial interest in conditioning. Health Minister Dr. Richard Potter said, much to MacDonald's amazement, the Ontario ministers had started on a Metrecal diet last week. Then Speaker Allan Reuter asked dryly if MacDonald had "any further questions of urgent public importance?"

Pic of the Past

Shown above is St. George's Anglican Church and Rectory Haliburton before the church was destroyed by fire in 1921. The same Rectory still stands to-day with the only change being the addition of a verandah across the front.

The present church was constructed shortly after the fire.

If you have a favourite old photo drop it into the Echo office or sent to Pic of the Past, Box 360, Haliburton, Ontario.

Frank McIntyre honoured

This picture was taken when North Entrance Lodge honoured Frank McIntyre on November 21st. Shown from left to right Wor. Bro. Earl Stevens, Rt. Wor. Bro. Frank McIntyre, and Wor. Bro. Joe Taylor.

Became Mason in 1920 follows father's footsteps

At the regular November meeting of North Entrance Lodge #463 at Haliburton held in the Masonic Temple on Wednesday, November 21st, some 64 members and visitors throughout the district gathered to honour Rt. Wor. Bro. Frank McIntyre, one of the most loved and respected Masons of Victoria District.

Following in the footsteps of his father, Dan McIntyre, who was a charter member of North Entrance in 1903,

Frank at an early age joined Masonry on June 18, 1920, and proved to be a most dedicated and proficient ritualist.

After serving in the various offices, he became Master of the Lodge in 1925, District Deputy Grand Master in 1957, and since becoming a member of Scottish Rite has attained his 32nd degree.

Wor. Bro. Earl Stevens, Worshipful Master of North Entrance placed Bro. McIn-

tyre in the seat of honour for the evening while Rt. Wor. Br. Ron Curry presented a very interesting history of Frank's Masonic career, after which Rt. Wor. Bro. Joe Taylor. The Worshipful Master presented a purse of money made up from personal donations from near and far, not only for his loyalty, but for many years of painstaking care in looking after the lodge properties with a whistle and a smile.

Federal gov't names committee

The federal government has made some changes in the administrative structure of the Local Initiatives Program (LIP) office, in response to suggestions from members of Parliament, and from citizens at large, as to how the program might be made more effective.

One of the changes is the establishment of Constituency Advisory Groups in each of the ridings throughout the country. These advisory groups screen applications for LIP grants, grade them as to priority and forward them to the LIP office in Ottawa.

This is the first year that the Constituency Advisory Group scheme has been in operation, but it is expected that it will result in a more streamlined system of processing and approving grants. Most important, it will get people involved at the local level in the administration of the LIP program, and will result in better liaison

between the ridings and the LIP office in Ottawa.

The following people have been selected as members of the ten-member advisory group for Victoria-Haliburton:

Mr. Harry Fearrie, Haliburton; Mr. Bert Hick, Lindsay; Mr. Joe Jenkins, Little Britain; Mr. Steven P. Metrow, Apsley; Mrs. Freda

Miller, Cannington; Mr. Sinclair Nesbitt, Minden; Mr. Dennis Sweeting, Sunderland; Mr. Ted Shea, Bobcaygeon; Mr. Monty Robson, Fenelon Falls, and appointed for the riding as LIP Project Officer is Mrs. Heather Cooper, Local Initiatives Program, Box 48, 2180 Young Street, Toronto, M4S 2Y4.

St. George's plans pageant

For the third year, St. George's Anglican Church choir and young people from other churches in the County are planning to present "The Birth of Jesus", their annual Christmas drama, at St. George's Church.

This dramatization of the traditional Christmas story, with carols from many countries, has been arrang-

ed from ancient and modern sources by Mr. Bill Gliddon, organist at St. George's.

The dates will be Sat. Dec. 15th, Sun. Dec. 16th and Mon. Dec. 17th, at 7:30 p.m. Tickets, required for seating purposes, are free and may be obtained from Varty's Jewellery Store, the Candlewood Gift Shop (both in Haliburton) or from choir members.

HALIBURTON SPORTS

Stackhouse, up there

Hockey as we know it to-day is big business. It's where the action is and where the big money is. And that's just where Ron Stackhouse is, right up in the professional ranks with the Detroit Red Wings of the National Hockey League.

We are really proud of Ron and why shouldn't we be since he is the only hockey player from Haliburton County to every make the big time.

Born at the Red Cross Hospital in Haliburton and raised in his home town of West Guilford, he has blossomed into one of the steadiest defencemen in the NHL. He is still young and with a great future ahead of him.

It was unfortunate that he received an injury at the start of this season and was out for several weeks before getting back into the line-up.

How well we remember Ron when he was the anchor man on defence for the Haliburton Junior Huskies and how he could come up with those important goals from the blue line that would tie or win games for the local Junior team.

When he joined the Peterborough Petes of Junior "A" hockey league he rewrote the rule book when the coach put him back in the net when on one occasion the opposing team had a penalty shot.

He came out and stopped the shot and it was soon after this that a new rule

Ron Stackhouse

went into the book stopping a player from playing goal in a penalty shot situation.

Ron was sent to the Providence Reds of the A.H.L. before getting his big opportunity of playing in the

National Hockey League with the Oakland Seals. He was traded to the Detroit Red Wings in a deal that sent Webster to the Seals.

Ron Stackhouse is a fine example of "local boy makes good".

Wolves again

by Frank Graham

In the June, 1972, issue of the Ontario Naturalist, the official publication of the Federation of Ontario Naturalists, John B. Theberge, Ph.D., gave an outline of his observations of timber wolves. Of course, his account of the activities of wolves differed greatly from my knowledge of wolves' doings and I wrote Dr. Theberge to this effect, asking him if a debate between us on wolves could be arranged. This was declined by Dr. Theberge.

In the September, 1973, issue of the Ontario Naturalist, again Dr. Theberge has an article on wolves. This time he discussed the wolf bounty; the exorbitant cost it is to the Ontario Government and it's ineffectiveness as a wolf control measure. Again, I must take issue with him on the basis of the inaccuracy of his figures submitted. In fact, about the only figure I can agree with him on was the year the wolf bounty was applied - 1973. On page 27 of Historic Hastings, 1867 to 1967, is an account of why the wolf bounty at that time was necessary. Farm animals, particularly sheep, were killed off to the point where wool for clothing was very scarce and some people died of starvation. The wolf bounty cut down on the wolf population for one man caught over a hundred in one winter and was paid \$4.00 each for them. This \$4.00 was a very realistic figure because an able bodied man at that time would work a month for \$10.00 to \$12.00, thus \$4.00 would be about 1/3 of a month's pay. If this scale were used in setting the bounty since 1793, Dr. Theberge or anyone else would have no cause to complain of the ineffectiveness of the wolf bounty as a wolf control measure. In 1793, and for more than 100 years since then, men worked six days per week from 7.00 A.M. to 6.00 P.M. The wage scale has gradually risen through the years but the bounty paid to kill wolves was not raised proportionately. In Hastings County, when the bounty was removed in December, 1972, the County paid \$25.00 and the Ontario Government paid a bounty of 40% of \$25.00, or \$10.00. Wollaston was paying \$20.00 for each wolf killed in the Township, making a total of \$55.00. Very few men today work for less than \$100.00 for a 5 day, 40 hour, week so it is easily seen how unrealistic the Government bounty of \$10.00 was.

For many years prior to 1958, a bounty was paid on 75 to 100 wolves taken each year in Algonquin Park and this proved very effective predator control. At this time, the estimated deer population in the park was 43,500, or about 15 deer per square mile. Since 1958, when wolves were put on the protected list in all Provincial Parks in Ontario, the deer population in Algonquin has gradually dwindled to a mere 3,000 at present, or one per square mile; no more than in any other hinterland outside Provincial Parks. Should a bounty of \$20.00 on 100 wolves for 15 years have been paid on wolves caught in Algonquin Park, it would have cost the Government of Ontario \$30,000 but it would have saved the lives of at least 40,000 deer in Algonquin Park alone. These animals are worth at the very least, \$100 each on the hoof any way you want to look at them - as a tourist attraction for the province or as a source of food. This figure adds up to \$4,000,000. It seems to me anyone would consider this a good investment.

During this 15 year period, another 60,000 deer at least, have been slaughtered by wolves in other Provincial Parks, or another \$6,000,000 deer population destroyed, making a conservative \$10,000,000 total. Two biologists from the Tweed office of the Department of Natural Resources reported to the Hastings County Deer Committee that their Department had spent \$26,000 on wolf control last winter but no figures were given as to the number of wolves taken. However, they did report that five professional trappers had been employed for three months at \$125.00 per week and they caught three wolves - \$2,500.00 per wolf. Each wolf must kill 2 deer a month to survive so these three wolves killed, saved the lives of 72 deer. At

\$100 each, \$7,200.00 - good value.

We also have livestock problems with wolves, coyotes and hybrids in the fringe areas where farming and wildlife areas join or mix. Rawdon, Huntington and Hungerford Townships in Hastings County is such an area.

Rawdon Township Council passed a resolution asking that Hastings County again apply a bounty on wolves. This was done at the September sitting of Hastings County Council. These several Townships are each paying out several thousand dollars annually to pay for livestock killed by wolves, coyotes and hybrids. Put a realistic bounty of \$100 to \$150 on each predator and you soon won't have any wolf problem these Councilmen believe, and they are very anxious to try it. They are sick to death of having their Township's livestock chasing all over the countryside by wolves owned by the Ontario Government.

On the front cover of my September issue of Ontario Naturalist is a blown up photo of a "bloodface" Arctic wolf which represents the king of wildlife predators in North America, possibly the world. The unchallenged king of killers of human beings would have to be Adolph Hitler. As a criminal, he cost the world millions of human lives and billions of dollars to bring under control. Can we imagine what would have happened to human society if this had not been done? What would happen to our human society if all human criminals were given their freedom? It would be the height of insanity to do this. Those who would kill, steal and violate accepted laws of modern society must be controlled. They cannot be allowed their freedom. The same standards of control must be used on wildlife killers and this must be done by human beings because wild animals do not control themselves as to numbers, contrary to what Dr. Theberge would have

you believe.

Why should the Federation of Ontario Naturalists set themselves up as a governing body over these various Governments and tell them what they should do? Had it not been for the influence on our Provincial Government by the Federation of Ontario Naturalists, we would never have had the ecological study of the timber wolf in Algonquin Park and wolf protection in all Provincial Parks. Dr. Theberge tells us this ecological study cost us over \$150,000.00 and of which a report has never been submitted to the Department of Natural Resources and made available to the public.

This was the beginning of our problem in 1958, the discontinuance of the payment of the wolf bounty in all Provincial Parks. Even though it paid a small part of the cost of catching a wolf, it was some inducement to a trapper to try. The actual cost of catching a wolf could be close to the figure submitted by the two biologists from Tweed mentioned previously in this article. It is doubtful if, at the salaries Dr. Theberge, Dr. Pimlott or Mr. Jack Shannon receive, they could reduce this figure. However, if a Provincial Government bounty of from \$100 to \$150 was paid the licensed trapper for each dead wolf he turned in plus the price of the pelt, it would provide very effective wolf control. The bounty paid by the Ontario Government, Counties and Townships in Ontario for 150 years from 1793, even though it was small, proved to be sufficiently effective. Not until the late '40's, when we have a few synthetic authors. Doctors and what-have-you that bring in an unknown and untried bag of tricks, do we get in wildlife and domestic animal trouble with predators. We must go back to the tried and proven method of wolf control - the bounty!

Curling Club new officers

At the fall annual meeting of the Haliburton Curling Club the following officers were elected for the coming season: Pres., Derry Wilford; Vice-Pres., Tom Stinson; Treasurer, Phyllis Woodcock; Sec., Karen O'Connor; Directors: Bob & Jean Colliver, Dave Bishop & Anne Schell.

The three big spiels sponsored by the club will be held on the following dates: Skyline (Men's Invitation) Jan. 18, 19, 20, with Jack Robertson and Tom Stinson in charge. Thirty-two rinks will be competing for the Haliburton Lbr Trophy, Curry Motors Trophy and the Esso Trophy. The Highland Mixed Spiel will be held in conjunction with the Winter Carnival on Feb. 23 and 24.

The curling season was opened with an Early Bird Spiel won by Dave Gray's rink, with a social following.

Regular curling began last week with men's curling on Monday and Wednesday nights. All ladies curling is on Tuesday nights with Irene Bailey, Anne Schell and Jean Colliver in charge.

Mixed curling is full with 2 draws at 7 & 9 on Thursday nights, and with many new curlers joining the club it looks like another draw will have to be scheduled to take care of new members.

Watch this column for news of local curling - and the top teams in their respective leagues.

Last week the Haliburton Club was represented at Fenelon Falls by a rink composed of Bob Colliver, Bill Johnson, John Holten and Bill Everson, and they

came home with the District title. They will now proceed to Ontario Playdowns lead-

ing to the Brier which will be played in January. Anyone wishing informa-

tion on Curling in Haliburton are invited to Phone 457-1953 or 457-2785.

Haliburton in British Consols

On Saturday and Sunday Nov. 17 & 18 the District 4 British Consols Challenge Round was held at Fenelon Falls Curling Club to determine two extra rinks in this year's British Consols.

The Competitors were limited to rinks from last year's club representatives, a rink from Haliburton Curling Club skipped by Bob Colliver with Bill Johnston

as vice, John Holton as second and Bill Everson as lead emerged as winners with three straight victories over D. Brown of Cannington, J. Cawker of Fenelon Falls and J. Walsh of Lakefield by scores of 9-7, 10-7 and 11-5 respectively.

Winner of the second spot was Don Dummit and his rink from Peterborough

Curling Club who won the consolation bracket.

This means that each of these two curling clubs is entitled to an additional entry in this year's District 4 British Consols Playdowns.

It was an excellent effort by the Haliburton rink as this was the first time this season that Johnston, Holt and Everson had curled.

Stanhope apts for amalgamation

Moved by Al. Rawlins, Seconded by Ken Whitney. Be it resolved the minutes of the regular meeting held October, 1973 be adopted as circulated. Carried.

Moved by Ken Whitney, Seconded by Elvin Johnson. Be it resolved that Council direct that the Township of Stanhope make application for membership to the Chamber of Commerce and the Clerk is hereby authorized to forward the required Membership Fee. The Clerk is appointed to arrange the necessary advertising desired. Carried.

Moved by Jim Harrison, Seconded by Al. Rawlins. Be it resolved the Council of the Township of Stanhope recommend to the Regional Government and Planning Committee of the Provisional County of Haliburton that Stanhope, Sherbourne, McIntock and Livingston be amalgamated under the proposed realignment program. However, if this recommendation is not acceptable to the Committee, this Council agrees with the proposal made at a meeting held November 1, 1973. Carried.

Moved by Ken Whitney, Seconded by Jim Harrison. Be it resolved the Clerk

notify the Ministry of Environment advising that provisions contained in Provincial Certificate of Approvals Numbers 330901 and 330902 are now being implemented. Carried.

Moved by A. Rawlins, Seconded by Ken Whitney. Be it resolved the Clerk contact Mr. Napier Simpson regarding property he owns on part lot 22 Con. 6, Township of Stanhope. Carried.

Moved by Jim Harrison, Seconded by Ken Whitney. Be it resolved the Council of the Township of Stanhope invite the Executive of the Maple Lake Property Owners Association to the next council meeting to discuss the Proposed Stanhope Airport Extension. Carried.

Moved by Elvin Johnson, Seconded by Al. Rawlins. Be it resolved that Council approve of construction of an approach to a present Township Road from part of Lot. 12 Con. 1, owned by Mr. David Mowat. This approach described on a plan of survey submitted by Mr. Mowat. The approval is granted subject to a culvert being installed by or to the satisfaction of the Road Superintendent. Carried.

Uncle Dudley

A TRIBUTE TO A FINE MAN

During the period from 1907-22 when we operated the Carnarvon store under the name of T.H. Roger and Son, we received all our goods from the Haliburton station coming daily by C.N. Freight from points south.

We required some three or four trips weekly, a long tedious journey of about 12 miles in winter, 15-18 in summer. During those days we met several of the delivery men and boys from other areas.

One of these has remained in my memory over the many years.

He first drove as a boy for the "Anderson Store" operated for some time by H.H. Clark, one of the best merchants this area ever had. I still remember his arrival amid quite a turmoil of song and shouting, while I would be loading for the trip in.

As soon as the horse stopped, he would jump out, give a few steps of a favorite dance - grab a truck and commence operations.

I have known Frank McIntyre over the many years since those horse and buggy days, and it is all to the good. I know of no individual that has served him community better from all angles than this man.

A good musician and very fond of all good music he has from time to time associated with the local band, and they have had some good ones in that town.

He was and still is in the job for a campaign for Red Cross, C.N.I.B., or any movement which was for the benefit of the town.

I gladly join his many friends to wish him many further years of service. May God richly bless him.

Peace be with you!

Along The Trails

WITH THE
HIGHLAND SNOWMOBILER

Compiled by Roy Bates

Prentice Roads Ltd., Minden Ski-Doo dealer, announced last week the firm's decision to provide the HCSA with a Snoplan trail-grooming device. This was met with great enthusiasm by the Association's directors, and immediately they started planning ways to make best use of the equipment.

A plan soon evolved to concentrate grooming, and marking on a central circuit which would connect the villages of Minden and Haliburton with the resort and cottage areas to the North. Deliberations are continuing to determine the routing of the trail, dubbed "Tri-Trail," since it will form a rough triangle with Minden and Haliburton forming the base, and Kenisis Lake at the northern tip. Extending North to Dorset was considered, and is not entirely ruled out, but it was thought best not to bite off more than we can chew. To mark this Tri-Trail, the Association will use the new standardized system, signs made of orange corrugated plastic. The waxed cardboard markers, purchased last season will be used elsewhere in the county trail system.

It became immediately obvious that a problem of providing the pulling power for the new drag would need to be resolved. Bill Prentice came up with the answer. He arranged the purchase of a twin track Alpine snowmobile, the workhorse of the Ski-Doo stable and set out to sell shares in the idea to other Minden businessmen. Contributions of seventy-five dollars each were suggested and within two hours Bill had obtained seven pledges in that amount. At time of writing several more have been received and only a fraction of the county has been canvassed.

Association Receives Financial Aid

Last Spring, the County Council, proving its faith in the HCSA's determination, set aside one thousand dollars for the Association's work. Recently the Kinsmen of Minden donated one hundred dollars. With both grants now in hand the Association has a working capital with which it can provide additional trail markers and grooming equipment. The ultimate objective is to make Haliburton's trail system the best anywhere. It will take a little time, and a lot of hard work, but the road is clear ahead. Our sincere thanks to the Council, the Kinsmen, and the business enterprises who are contributing to a very worthwhile project.

Peterson Trail Conservation Association Pledges Support

Mr. R. J. Curry, of Haliburton attended the November 22nd meeting of the HCSA directors to explain more fully the endeavors of the association in which he has been active for many years. He outlined the work that had been done along the Peterson, noting that Hastings had attained much more of the objective, to open the old road as a walking trail, and that Muskoka had accomplished little. Portions of the trail had been opened in Haliburton and most of it marked. Mr. Curry recommended that members of the HCSA be appointed to the Peterson Association to assure that the endeavors of both organizations be pursued in complete co-operation.

Huskies win their opener

The Travelways Huskies opened their 1973-74 schedule Saturday night by defeating the visiting Bobcaygeon Ti-cats by a 10 to 1 score.

Tim Curry appears to have regained his last year's form as he netted 3 goals for the winners.

Other goal scorers were Ernie Bain with two, Roger Bain with two, and singles to Bev. Hicks, Jeff Campbell, and Mark Schell.

Haliburton picked up 11

minor penalties while Bobcaygeon received 6 minors and a major misconduct penalty.

Sunday night the Travelways Huskies travelled to Woodville for their second scheduled game. The Huskies completely outclassed the Woodville Squad throughout the game and came away with a 13 to 4 victory.

Tim Curry was again the top sharpshooter as he notched six goals. Linemate, Larry Robinson scored twice

and had 4 assists. Roger Bain picked up 4 assists playing on the line of Curry & Robinson. Floyd Henry had two goals while Mark Schell, Bev. Hicks, and Stephen Lloyd each scored once.

Louis O'Hara re-injured his leg in the first period, however he continued to play, kicking out 20 Woodville shots.

Haliburton fired 70 shots at the Woodville goal

tender. Bob Tummonds scored 3 goals for the losers.

This Saturday night the Travelways Huskies will be host to the Newcastle team. Newcastle has previously beaten both Bobcaygeon and Little Britain so this should prove to be a contest between two of the top teams in the league.

On Sunday the Huskies will be travelling to Lakefield for an 8:00 P.M. game.

Warden's banquet one of the best

The Warden's Banquet reminds us once again that the end of the year is not far away. It also alerts us to the near approach of Haliburton County's Centennial Year of 1974.

The banquet was a very pleasant occasion with about 150 guests in attendance who were greeted at the door by Norma Fotheringham. The speeches were short and to the point, the food was good and there was colour.

The skirl of the bagpipes began it all when the head table guests were escorted to their places by the piper in that familiar but unique costume.

There were plenty of pretty dresses to be seen and a spirit of good will pervaded the hall. The ladies greatly appreciated the lovely corsages which were presented to each of them as they entered the very attractive building.

Roy Brohm was a

fortunate choice as a Master of Ceremonies. His introduction of the speakers was carried out with clarity and dignity.

Robert L. Fotheringham, this year's warden, welcomed the guests and then spoke about what this year had meant to him. Other speakers followed and all expressed satisfaction with Bob's administration and we believe rightly so, for it was the consensus of opinion of those whom we met on the

floor that his duties were being carried out efficiently and with consideration.

It was suggested by one of the speakers that it seemed a pity, since Bob had done so well, that his term could not go on for another year but of course it is only a one year term for a warden.

We are gratified that the Reeve of Glamorgan Township has been so successful as Warden of the County. Congratulations Bob.

CORPORATION OF THE PROVISIONAL COUNTY
HALIBURTON

NOTICE

IN THE MATTER OF THE MUNICIPAL ACT AND IN THE MATTER OF BY-LAW NO. 872 OF THE CORPORATION OF THE PROVISIONAL COUNTY OF HALIBURTON TO TAKE TITLE TO COUNTY ROAD NO. 10 AS SHOWN ON REFERENCE PLAN 19R387, REGISTRY OFFICE OF THE PROVISIONAL COUNTY OF HALIBURTON PROPOSES TO TAKE TITLE TO A 66 FOOT ROADALLOWANCE IN LOTS 22 AND 23, CONCESSION 6, LOTS 22 AND 23, CONCESSION 7, LOTS 23 AND 24, CONCESSION 8 AND LOT 24, CONCESSION 9, TOWNSHIP OF HARCOURT.

Notice is hereby given, pursuant to Section 446 of the Municipal Act, that the County Council of the Provisional County of Haliburton proposes to give By-law No. 872 its third and final reading at its regular meeting on Wednesday, January 16th., 1974, at the Council Chambers in the County Building, Minden, Ontario.

And take further notice that before the third and final reading is given, the said By-law at its regular meeting to be held at the time and place mentioned above, the County Council of the Provisional County of Haliburton will hear in person or by his or her Council or Agent, any person who claims that his land will be prejudicially affected by the said By-law and who applies to be heard.

If any person wishes further information regarding the above mentioned By-law, they may contact the County Engineer at the County Building, Minden, Ontario.

Dated at Minden this 22 day of November, 1973.

Any way you look at it,
Kawartha Aluminum
building products are
good things to have
around the house.

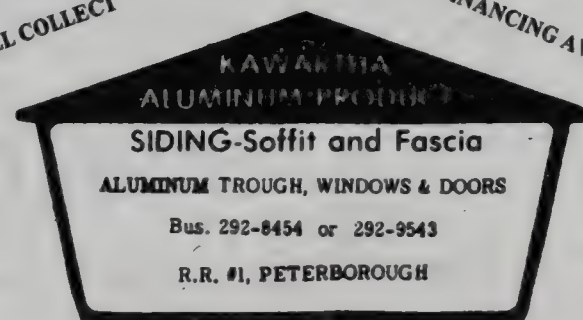

Hunter Douglas' building products are made of tough, heavy gauge, highest quality aluminum. And they're virtually maintenance-free because they're finished with two layers of baked on enamel that won't crack, flake, warp, rot, peel or blister. In fact, a simple washing down a couple of times a year is enough to keep HD building products looking like new for years and years. We offer 20 years warranty.

Lochlin News

Mr. and Mrs. Guy Bloomfield were visitors to Fenelon Falls one day last week.

Mr. and Mrs. Will Dugan spent last Friday with Mr. and Mrs. Alvin St. Peter of Woodville and Mrs. Frank Cook of Beaverton.

Mr. and Mrs. Mervin Gilbert called on Jim Wruth Sunday afternoon and with Mr. and Mrs. Sandy Gilbert Sunday evening.

Mr. and Mrs. Moss Minaker and Miss Mildred Herbert spent a few days last week with Mr. and Mrs. Chic Minaker of Stouffville.

Mr. and Mrs. Fred Sawyers and family visited on Sunday with Mr. and Mrs. Carl Dugan.

Saturday evening visitors with Mr. and Mrs. Russell Baker were Mr. and Mrs. Ron Little, Mr. and Mrs. Jim Dugan, Mrs. Mike Newell, Mrs. Richardson, Mrs. Raymond Congdon, Mrs. Myrtle Roberts, Mr. and Mrs. Mervin Gilbert and Daryl and Ted Grose.

Mr. and Mrs. Jim Dugan called on Mr. and Mrs. Sandy Gilbert and Mr. and Mrs. Bob Shaw on Monday.

Mrs. Ethel McKnight of Port Hope is spending some time with Mr. and Mrs. Allan Francis.

Mrs. Annie Schrader, Donna and Mark of Milton are spending this week at Shady Lane Farm.

Mr. and Mrs. Jim Dugan called on Mr. and Mrs. Guy Bloomfield one evening last week.

Mr. and Mrs. Brain Neville of Peterborough were weekend visitors with Mrs. Ernie Warder.

Mr. and Mrs. Jim McPhail spent the weekend at their home here. Mr. and Mrs. Carl Dugan were Sunday

supper guests of Mr. and Mrs. Wes Stata of West Guilford.

Mr. Ted Grose was at his summer home for the weekend.

Miss Maxine Shaw was an overnight guest of Arlene Wruth.

Bev. Hicks of Oshawa spent the weekend at his home here.

Andrew and Amber-Lee Burk spent Monday with their grandparents, Mr. and Mrs. Russell Burk.

Maple Lake

Mrs. Georgina Bownes of Barrie visited relatives in our community last week.

Friends and relatives of Mrs. Hedley Burden, bid farewell to her recently, as she sold her home on Maple Lake and now resides in Beamsville, Ont.

We welcome the Hodgson's who purchased Mrs. Burden's home. May they feel at home among the families of the community.

We were indeed sorry to hear of the fire, which caused the Sid Cooper's of Eagle Lake, to flee their home, in the early morning hours, all got out safely.

Mr. and Mrs. Fred Prentice have gone south for the winter months.

Sincere sympathy is extended to the Sisson family of West Guilford, and the Prentice and Gibbs of Maple Lake.

Congratulations Dianne and Herman on the arrival of a baby boy to brighten their home.

Mrs. Grace Morrison held the Gospel Sewing Circle on Wednesday afternoon, with seven ladies attending from Maple Lake and West Guilford.

Birthday greetings to all, who have one in November. Also Wedding congratulations to anyone celebrating such a grand affair, one known to us, is Mr. and Mrs. Charlie Morrison.

Mr. and Mrs. Noble Hagne of Minden visited with Mr. Ed Barry on Sunday last.

Mrs. Winnie Johnston was host to the A.C.W. last Wednesday afternoon.

The hunting season is over. Some report a great hunt while others did not see a deer.

The snow comes and goes and the temperature lowers to 12, so beware, some small ponds are slightly frozen.

Mrs. Carrie Morrison spent Sunday with Stewart and Minnie Dawson.

Mr. and Mrs. Garnet Coulters of Campbell River B.C. Visited friends and relatives in our community recently.

Mr. and Mrs. Jim Cooper and girls spent last weekend in Welland and called on Mrs. Burden on their way.

Canarvon News

Allison Chambers, Wendy Gorrie and Alfie Vanderwall visited at Guelph University to spend the weekend with Patricia Gorrie.

Mr. and Mrs. Clifford Skelding and Bill were in Toronto last weekend.

Mr. and Mrs. Bert

Harrison were in Oshawa for a few days this week.

Mr. and Mrs. Bud Medley are in Owen Sound for a few days, as Bud's mother is not well.

Mr. and Mrs. Ron Fennell and the boys are in Toronto for the weekend.

Women's Institute at Hyland Crest for grandmother's meeting

On the afternoon of November, the Minden Women's Institute met with the Ladies of Hyland Crest for their grandmother's meeting.

The President, Mrs. M. Sears conducted the opening of the meeting and welcomed the visitors and thanked the ladies of Hyland Crest for having the meeting with them.

The Roll Call "Grandmother's Home Remedy" was answered by 27 members. These remedies are well

remembered by most of us as they had been tried on us as children and good or horrible tasting, the remedies will be preserved in our Tweedsmuir Book for future generations to read. Several members attended the Curator's Workshop Nov. 20 and Mrs. W. Walker gave a very interesting account of it.

Mrs. Allen Taylor gave us a very enlightening and detailed account of the Area Convention also informing

December and that finally the Area Women's Institutes are looking for a new place to hold the 1975 convention as the Royal York and the W.I.'s had disagreed on new conditions laid down by the hotel. The committee who served tea at Hyland Crest on November 1st were thanked by the President.

Mrs. D. Prentice reported that she had sent 29 cards between the Oct. and Nov. meeting and asked the members to let her know of anyone to whom a Christmas card should be sent. Mrs. Fairfield presented a paper on early lumbering in Haliburton County.

Then the fun began as prizes were given for the

youngest granddaughter, youngest grandmother and most grandsons. Poems were read by several members and enjoyed by all. Mrs. C. Stevens read "Who will take Grandma", Mrs. P. Robinson "Song of the Lazy Farmer" Mrs. S. Ewing, Musings of a busy Housewife" and Mrs. Sears "A Perfect Day".

After announcing that the Christmas Meeting was in the evening of Dec. 19th at the United Church Hall, The President closed the meeting and a social time was spent chatting with the ladies of Hyland Crest as we ate the delicious lunch served by the hostesses, Miss C. Jones, Mrs. H. Welch, Mrs. V. Martin and Mrs. Sears.

THE MUNICIPALITY OF THE TOWNSHIPS OF SHERBORNE, MCCLINTOCK & LIVINGSTONE

APPLICATIONS

Applications will be received by the undersigned until 12:00 noon Wednesday, December 5, 1973, for the POSITION OF CLERK-TREASURER for the Townships of Sherborne, McClintock & Livingstone. Duties to commence January 1, 1974. Please state qualifications and expected salary.

Address letters, marked "Applications" to:
MRS. C. A. CLARKE, Clerk-Treasurer,
Box 99, Dorset, Ontario.

Carpenters celebrate 40th anniversary

Twenty-seven members of the "Carpenter Family" gathered at the home of Mr. & Mrs. Douglas Carpenter of Lochlin on Sunday, Nov. 18, that in 1974 the Convention will be in Mrs. Edward Carpenter of Ingoldsby on their 40th Wedding Anniversary.

Edward and Olive were very pleased to have all their family and all their fifteen grand-children present for this occasion. The dinner blessing was given by their son Albert.

Those present were: Douglas & Barbara Carpenter & family of Lochlin, Peter & Wanda Robinson & family of Ingoldsby, Ivan & Jean Carpenter & family of Fenelon Falls, Roger & Fern Bellwood & family of Fenelon Falls, Albert & Judy Carpenter & family of Carnarvon. Lovely gifts were given from the family, also many cards were received from several ones.

Congratulations!
Ed & Olive.

RENTAL GM LEASING

VERY LITTLE DOWN WHEN YOU LEASE A NEW CAR FROM US

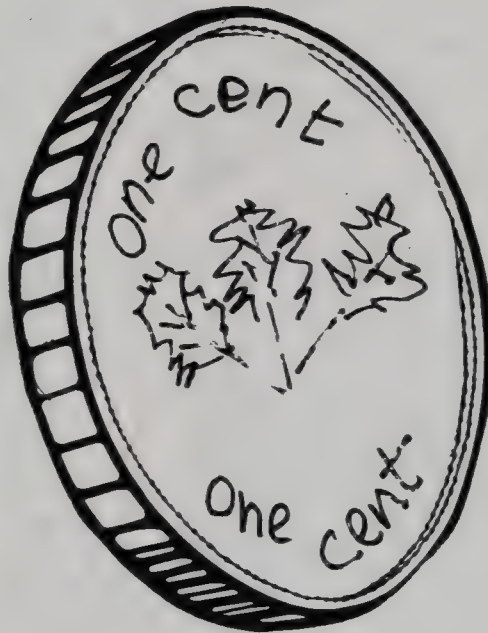

That's because your deposit on a new lease car can be substantially less than what you'd put down to buy a new car. What's more, you'll never fret over what your lease car is worth at trade-in time because your car will never get too old.

Each monthly leasing payment also covers such costs of enjoying a new car as financing, depreciation, taxes.

There are other solid reasons for leasing a new Chevrolet from us. So, come on in. Let's discuss the lease plan . . . and that new Chevrolet . . . that fit your needs. And your pocketbook.

Ratepayers meet to discuss reorganization

On the evening of the 19th of November a ratepayer's meeting was held in the Gelert Community Centre. The purpose of the meeting was to give the citizens an opportunity to discuss the reorganization of the municipal government in Haliburton County. An opportunity was also given to the

people to react to the proposal that Snowdon Township be amalgamated with Anson, Hindon and Minden or else have the entire County establish a one tier municipal government.

The ratepayers chose Mr. Gordon Sharpless as their Chairman. Mr. Sharpless

threw the meeting open for discussion and asked those present to express their views on the subject. Mr. Robert Vick, Reeve of Snowdon Township, expressed his support for a one tier municipal government for the County. Many of the speakers pointed out that they fear the establishment

of four municipalities within the County because they see it as a step toward division of the County that would make it very easy for one of the four to be attached to a regional set-up in Hastings, Muskoka or Victoria. These people feel that the only way we can retain Haliburton's unity is to establish one

municipal government which has the population and tax resource to carry out our expanding municipal services.

It was noted that in the elementary school situation the first major step was that the school sections were combined into Township School Area Boards without

the people's consent. In 1965, County Council formed a four elementary school board system, with Cardiff being in Hastings County. Two years later, after all of this expense and upheaval, the Provincial Government formed the County Board of Education system - without the people's consent. Now the ratepayers of Haliburton County probably have an opportunity to form a municipal government according to their own needs and desires. It would seem that if history is to repeat itself, we will have something forced upon us by the government if we do not act now.

The majority of ratepayers of Snowdon present at the meeting felt that if there has to be a change the best way to preserve our County would be to have a one tier government.

Apparently there has been a Regional Government and Planning Committee attempting to deal with this problem for some time. However, according to Mr. Reg. Booth, Reeve of Anson, Hindon and Minden, no decision has been reached. They have experienced many differences in their discussions. Snowdon's Reeve and its Council are asking the people to help them in reaching their decisions.

It was decided that in order to give the ratepayers an opportunity to discuss this important matter further there would be another meeting held on Monday, December 10, 1973. Further advertising will appear in the local papers.

Dysart council holds special meeting

Minutes of a Special Meeting of the Dysart Municipal Council, held in the Council Chambers on Friday, November 16, 1973, commencing at 7:00 P.M. All Members Present.

Moved by - Murray Fearrey, Seconded by - Harold C. Bannon. That the

Minutes of the Meetings of October 4th, 5th, 9th, and 17th, 1973 be adopted as read. Carried.

Moved by - Murray Fearrey, Seconded by - Lloyd Coneybeare. That the Members of the Fire Department are hereby

authorized to apprehend offenders and lay whatever charges are deemed necessary for Hallowe'en Night, October 31st. Each Member of the Fire Department is hereby appointed a Special Constable for that night, and the Reeve be authorized to

administer the necessary oaths of office. Carried.

Excellent speakers meet High School students

This year we have had excellent speakers to discuss important matters with groups of students at the high school.

In October, Mr. Maurice McLuhan, (brother of Marshall McLuhan) spent most of a day with us. He was able to provoke much thought in respect to certain fundamental and contemporary issues within our society.

No doubt, the revolutionary aspects of an electronic age, in particular, the impact of the T.V. and the computer in our lives, were considered. In spite of some disagreement with his ideas, the students seemed to be enriched by his presence.

The History Department has also called upon citizens from our county to share with the students their experiences and knowledge.

Mr. George Thayer (a former teacher at the high school) gave a splendid account of the Haliburton County which he knew as a boy, and a young man.

Just recently the same grade nine group had an opportunity to witness a panel discussion of three members who discussed various aspects of law and justice within our Canadian legal system.

Mr. E. J. Gardiner (a lawyer) emphasized the historical roots and development of our court system

and our laws.

Mr. Ron J. Curry (a juror) considered the selection and functions of the Grand and Petit juries.

Corporal M. Baker (O.P.P.) Minden Detachment) discussed the enforcement of law with particular emphasis on impaired driving.

This panel presentation was extremely successful. The students had many practical questions. Both parties learned a great deal from the experience, and regretted that the 80 minutes ended too soon. One of the panel members expressed delight at the maturity of the questions asked by the students.

Well known resident Lester Gibbs dies

Lester Ernest Gibbs, second son of the late Dunn and Annie Gibbs, was called to his eternal rest, by a sudden heart seizure Monday afternoon Nov. 5, 1973, while at work for Scarborough Twp. He was in his 57th year.

Lester, born and raised on a farm near Mountain Lake in Minden Twp. worked with his father on the ome farm, until he answered the call of duty to take part in World War Two, while serving his county with the Royal Canadian Engineers he took

part in the June 6th D-day invasion of the Normandy beaches, where he was badly wounded by shrapnel in a shoulder and knee. This resulted in a long and painful period of hospitalization in England.

At the close of the war when he returned home, Les worked with the hydro for some time.

After his marriage to Miss Hazel Lupton they moved to Scarborough where Les was employed by that township until his sudden death.

Left to mourn his loss is his sorrowing wife Hazel, and ten brothers and sisters, namely; Bruce of Wilberforce; Doris McCann of Scarborough; Phyllis Howarth of Dover, Deb.; Esther Morgan of Calgary, Alta; Ada, Wilbert and Isabella Gibbs of Maple Lake; Fred Prentice, also of Maple Lake; Mac Prentice of West Guilford; and Clifford Prentice of Victoria B.C. Les was predeceased by his oldest sister, Emma, in 1918.

The funeral service was held in the McDougall and Brown funeral home on Kingston Rd. E., in Scarborough, followed by interment in the Rest Haven Memorial Gardens, on Kingston Rd. Pallbearers were a brother-in-law, Richard McCann, a nephew, Keith Gibbs, and four friends, Roy Potter, Richard Smith, Lloyd Baker, and George Ritchie.

The variety and beauty of the floral tributes, as well as the several donations made to the Heart Foundation showed the esteem in which Les was held by his friends and loved ones.

Minden News Notes

Mrs. Isabel Binham has been away visiting her sons in Toronto for the past several week.

Residents at Hyland Crest Home celebrating birthdays this month included Edith Allcorn, Gladys Dennis, Edith Franklin, Jane Fairfield, Pearl Elstone, Sarah Tonson; belated good wishes to these our senior citizens.

Sincere sympathy to the families and friends of the late Mrs. George Otto, and Herbert McKelvey whose funeral were since last week.

Once again Mary Little was lucky, winning the Jackpot of \$250 in 57 numbers called at Rotary Bingo. Congratulations!

The A.C.W. had a very successful rummage sale at the Parish Hall on Saturday with much of the good used clothing being sold.

Congratulations to Mrs. Elver Sawyer who had a perfect had in cribbage while playing cards at her home one evening last week.

Daisy Bates left for a visit with her family in British Columbia.

Winners at the Weekly Mini Card Party last Thursday afternoon were for cribbage Fred Wright and Esther Shaver, for euchre Della Griffin and

Alice Clark and for bridge Molly Locke.

The United Church Hall was crowded last Friday for the U.C.W. Christmas Luncheon-Bazaar with a very attractive setting and many people buying gifts or goodies for the weekend.

We note that the new arena here has opened skating on Saturday evening 8-10 p.m. and Sunday afternoons 2-4 p.m. The Pergolas have their booth open during both skating and hockey games. They also have another booth for bingo fans and so are very busy people.

We hear that there are not very large crowds for some of the minor hockey games so here is a list of next week's evening games. Nov. 29 Midgets 7:30; Nov. 30 PeeWees 7 and Juvenile 9. Dec. 4 PeeWees 7 and Midgets 9. Come out and see some exciting games and cheer on your players, perhaps some may get to play in senior groups in the future.

The Girl Guides of 2nd Minden Company are starting a service project on Dec. 8th. On Saturday afternoon between 2 and 3 the girls will be reading stories at the local library. Any child between ages 3 to 5 is welcome.

New Office for UIC

Unemployment Insurance Canada has opened a new office in Peterborough.

It will serve Peterborough, Victoria and Haliburton counties -- previously served by the UIC Oshawa office.

The new office is on the second floor of the Federal Building at 201 Charlotte Street.

It is one of 20 UIC new offices that will open in Ontario during the next few months.

UIC decentralization -- aimed at more personalized service for UIC claimants -- was announced in April by Manpower and Immigration Minister Robert Andras, the Minister responsible for Unemployment Insurance Canada.

What about my church?

If you belong to some religion, ask yourself: 'How confident and secure do I feel about the moral standards of its members?' 'If all persons on earth lived like the members of my religion do, would that put an end to crime, dishonest business practices, strife and sexual immorality?'

There is obvious truth in the Bible's warning that "a little leaven ferments the whole lump," and that "bad associations spoil useful habits." (Gal. 5:9), 1 Cor. 15:33) That is why the inspired apostle wrote to Christians, "quit mixing in company with anyone called a brother that is a fornicator or a greedy person or an idolator or a reviler or a drunkard or an extortioner, not even eating with such a man...Remove the wicked man from among yourselves." (1 Cor. 5:11-13)

True, a person may make a momentary mistake and then recover. But what of those of whom the apostle writes, those who practice such things, making them a part of their life? If such persons claim to be serving Jehovah God, they are hypocrites. Surely you detest hypocrisy, and the Bible shows that Jehovah hates it and those who practice it. (Matt. 23:27, 28).

What then, of your religion? Do its religious leaders protect its members from spiritual danger by 'reproving before all onlookers persons who practice sin'? (1 Tim. 5:20) Do they clean out those who persist in wrongdoing, showing no genuine repentance over it?

Do they render mere 'lip service' to morality while actually condoning or 'winking' at wrongdoing? (Matt. 15: 7, 8).

Throughout the world, evidence mounts against the world's religions, evidence that they have not been a genuine force for morality. More and more religious leaders today are saying publicly that fornication, adultery and homosexuality are not necessarily wrong.

Headlines such as the following have appeared in newspapers, "Is homosexuality wicked? Episcopal priests say no" "Ease sex rul, say clergy", "Minister urges church to bless homosexuals", "Churches back the use of contraceptives by youth", "Bishop wants sex made legal at 14".

But do these statements represent the Bible? Look for yourself at 1 Cor. 6: 9, 10 which shows that ones who

practice such immoral things will not inherit God's kingdom. You may feel that the local leaders of your religion are firm for moral standards. But have you ever personally asked your minister what his views are on these matters? Have they every expelled ones from their church for practicing wrongdoing? You deserve to know and need to know, for your very hope of life is involved.

Love requires actions

by James Hughett,

1 John 3:18 "My little children, let us not love in word, neither in tongue; but in deed and in truth."

Love can only be shown by the actions it prompts. You can say that you love, but unless your actions shows it, you just do not understand what true love is. Even God showed His love for man, John 3:16 "For God so loved the world that he gave his only begotten Son..." Here we have a real show of love. How many of us would give our only son for someone who cared nothing about us? In fact how many would give our only son for someone who loved us? In fact how many would give our only son for someone who loved us? While you or I might be willing to die in the place of someone else, we couldn't offer our children in that one place.

Jesus tells us in Matthew 7:21 "Not every one that saith unto me, Lord, Lord,

shall enter into the kingdom of heaven; but he that doeth the will of my Father which is in heaven." Christ was saying that just because you believe in him as the Lord, and confess that fact, does not mean that you will enter the kingdom of heaven, but you have to do something, and that something is the WILL of God.

Jesus tells it to us the way it is in John 14:15 "If ye love me, KEEP my commandments." a few verses farther on in the same chapter say "...If a man love me, he WILL KEEP MY WORDS..." If you say that you love

Jesus, and yet you are not doing the things commanded in His word then you just do not understand what love is.

The world is full of love. Everybody loves something. The only problem is that for the most part, they love the wrong things. We have in the New Testament many examples of misplaced love. a. Lovers of Themselves 2 Timothy 3:1-2. b. Lovers of Pleasure 2 Timothy 3:4 c. Lovers of Money 1 Timothy 6:10 these are but three out of many to show that we still have this same kind of misplaced love in the world today.

Bibles being spread

The tremendous interest in the Scriptures has been a source of joy to all connected with the Bible Society's effort to supply the demand. Never in its history has such a volume of the Word of God passed through Society channels.

The prayers and support of every Christian in Canada is needed to meet this golden opportunity of the day. World-wide distribu-

tion of the "Book of Life" is the goal of the Bible Society so that every reader in the world can enjoy reading the Word in his own tongue. That is a right which should not be denied anyone.

Sunday, December 9th, is known as Bible Sunday. With the help of all the family of God, 1973 should be a milestone in sending forth the message of hope and life.

TODAY'S CHILD

BY HELEN ALLEN

THE TORONTO SUN SYNDICATE

Tony is 11, a slim, active, agile, healthy boy of black and Irish descent. He has brown curly hair, olive skin and dark eyes fringed with long lashes.

This outgoing boy needs and wants a family to belong to. A family interested in sports and outdoor activities will be best because these are important to him.

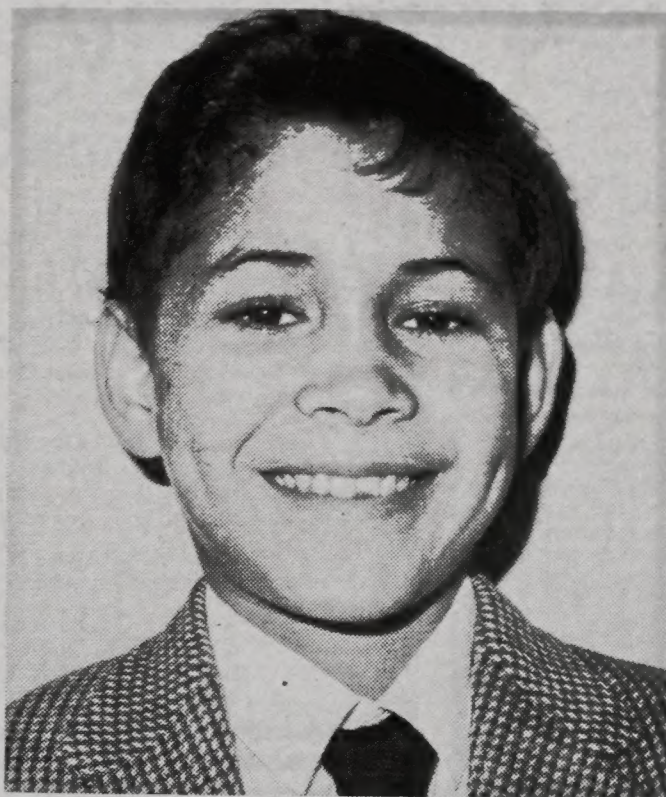

Tony loves all games and plays most of them. He likes camping, swimming and horseback riding. Gardening is his hobby. Since he enjoys the outdoors and growing things and is fond of animals, he wonders if he would like to be a farmer — but he is also interested in mechanical things.

A below average student, Tony is working at the Grades 2 and 3 level in school. Until recently the fear of failure made him reluctant to tackle any school projects. Now he is able to start assignments more enthusiastically.

Tony is competitive and aggressive, and yet sensitive. He is a curious lad with a good sense of humor.

This boy needs adopting parents who can combine warmth and firmness and who will give him encouragement without pressure.

To inquire about adopting Tony, please write to Today's Child, Ministry of Community and Social Services, Box 888, Station K, Toronto M4P 2H2. For general adoption information, please contact your local Children's Aid Society.

GRACE LAKE

Investment or retreat property about 2250 feet of shoreline on Grace Lake and Grace River, mostly sand, plus 85 acres of trees and portion of another lake; all season road and hydro. Asking \$60,000.00, terms.

RETREAT PROPERTY WEST GUILFORD

Three hundred acres of woodland, with about 900 feet of lakeshore. Four-bedroom log cottage, plus two guest cottages. Hydro and phone, all season hideaway at the end of the road. Asking \$87,000.00 — take over a large 3% first mortgage.

NEW RETIREMENT HOMES

Half-acre lots, all aluminum with angelstone on brick (no painting), electric heat, coloured baths, broadloom, concrete steps, drilled well, in town location. Two-Bedroom Model - \$23,900.00, Three-Bedroom Model - \$25,520.00. Financing already arranged.

4 KASHAGAWIGAMOG AND HIGHWAY 121

Desirable property with a four-bedroom cottage, electric heat, broadloom, suitable for all the season. Also a three-bedroom summer cottage (some smaller cabins included). Only \$34,500.00.

5 ACREAGE

20.5 Acres in Faraday Township, with over 300' on a small lake; maple, birch and spruce trees — secluded. \$7,000.00 full price.

6 RETIREMENT HOME

Three bedrooms, bath, kitchen, and living room on beautiful Cranberry Lake, has full basement, 1 1/2 acres of land; year round road. Yours for \$17,500.00, terms.

7 HOMES-HOMES-HOMES HALIBURTON-

\$19,500.00 to \$29,500.00.

MAPLE LAKE -

\$10,000.00 to \$16,000.00.

BOSKUNG LAKE -

\$22,800.00 to \$30,550.00.

Priced right, terms available. Call today — you'll be glad you did!

8 ACREAGE WITH LAKEFRONT

85 acres, about 500 feet of lake frontage, 10 acres cleared, plenty of riding and walking trails through hardwood bush; an all season open road. Bargain at \$21,500.00, terms.

Rogers requests yearly council reports

At this time of year, it was the accepted practice that a general meeting of ratepayers would be held in several municipalities. This event was always well publicized, and there was a good number of ratepayers who turned out. At this meeting, a report of the past year was given, there was a time for discussion, and a one hour period was given over to the nomination of officers for the following year.

With the advent of the present two year term, it seems the elected representatives, taking their

group from the above fact, do not intend to make a yearly public report of their tenure of office. I do not approve of this stand.

With the large non-resident vote, it is my feeling that all Township Councils would have been very wise to hold a general meeting in August or early September. It is too late for that now this year.

The report of meetings as published seem to be rather bare bones of the actual happenings.

As far as the council of Stanhope is concerned, I feel they have a good record.

The furnishing of fire protection and the housing of the equipment is very commendable. Refunds are coming now on fire insurance coverage — good business. I must join with all the residents in a vote of appreciation to Richard Kinsman and his crew. This is a well organized body of volunteer workers. A hearty Thank You.

I feel our weak spot is in our road report. With expenditure of some \$60,000 I cannot see the worth as shown in actual effort. That portion of road around (Gwynne's Bay at the foot of Lake Kushog is a very dangerous stretch of road. Some years ago, the late Lawrence McKnight gave the township a price of \$85.00 to build and grade the short piece of road behind the cottages. This did not include a gravel top. This offer was not followed up. I accept some responsibility for this error.

I would like to say the changes in the road system at the airport deserve some explanation. Questions are being asked; they should be answered.

Mr. Gerald Bain, Township Clerk, has given me the following figures re road expenditure. Total expenditure on roads and bridges — \$66,429.00. Subsidy due — \$46,600.00.

The matter of amalgamation is also a very live issue. When Stanhope Township ceases to exist, whose child are we going to be? What representation will we have? Actually, it seems now Hon. William G. Davis would be

problem. I have some knowledge of his ways. He and one or two of his associates act in a very dictatorial way, and govern our overlord. As I served under him on the education

ment is passing rapidly from the hands of the local people.

I would close with all good wishes to the governing bodies at the local level. Merry Christmas!

LLOYD WELDON

R. R. 2, HALIBURTON

The hunter

By Larry Powell
Management Forester

With the arrival of the Fall a great many men and women, both young and old, begin to think of and prepare for the hunting season.

This season provides the incentive for many to get away from their offices and factories and venture out into the cool fresh autumn air.

It is a wonderful time of year in the bush and the benefits gained by the hunter or sportsman are very real. Hunting represents one of the great freedoms of this country.

But as our population grows the percentage of people who hunt or who understand hunting lessens. With this decline in understanding comes increased criticism of the hunter's ideals and his justification for hunting. It is up to the hunters and sportsmen, therefore, to explain to the people the benefits of hunting, whether they be real, imaginary, spiritual, or physical.

It is also up to the people who hunt to conduct themselves in such a manner that criticism of their efforts cannot be justified. As a group, sportsmen are very conservation-minded. Unfortunately, of those who do hunt there are still a number of people who do not understand game populations and the consequences of hunting pressures.

They are solely interested in enjoying the pleasures of hunting, and are not interested in giving up the time or effort necessary to reach an understanding of the animal they are hunting.

Before long it will be essential for all those who hunt to become sportsmen.

The title of sportsman is not restricted to those who have a four hundred dollar gun and a two hundred dollar dog; rather, it should include those who understand and appreciate the life cycle of, and the pressures upon, each game species.

A sportsman also appreciates his own freedom, but understands that others have their opinions as well. He is both aware of and willing to talk and compromise with these people.

A personal letter from Creighton Feir

HALIBURTON COUNTY ECHO
"The Voice of the Highlands"

TELEPHONE 457-1037

Haliburton, Ontario

November 29, 1973

Dear Friends,

Now that you're on the last page of this week's County Echo, you've probably noticed a number of changes.

As some of you may already know the Haliburton County Echo is now under new ownership. We've become part of a family of weekly newspapers that include This Week in Barry's Bay and The Weekly in Bancroft and that have placed as high as second all round best newspapers in Canada in recent competitions.

I'd like to thank all those with whom we've had business dealings and assure them that in my new capacity as general manager of The County Echo, I will continue my business associations on behalf of the newspaper with all my friends of the past.

Prime among the many reasons for a change in ownership was my concern for continuing the service of offering new improvements in the technical field as they become available and feasible. The County Echo will now be printed offset allowing much greater versatility for advertisers and a more generous use of photos and clearer type for our readers. In order to offer these new technical services our news and advertising deadline has been moved ahead one day to Monday at 5 p.m.

In addition we are offering a much expanded commercial printing service, including full colour work, that will allow us to complete any type or size of job.

Again, my thanks. I'm looking forward to continuing my service to Haliburton County as general manager of The County Echo and providing the county with what we think will become one of the best weeklies in Canada and one of which the county can be proud.

Sincerely,

CREIGHTON FEIR
